How to read this report

This report shows many customers use the CTA rail system. The report has two sections: Ridership by Branch, and Ridership by Entrance.

How are customers counted?

A customer is counted each time he or she passes through a turnstile to enter a station. Customers are not counted when they make a free transfer from one rail line to another, since they don't pass through a turnstile. Nor are customers counted when they leave a station, even if they leave through a turnstile.

Some CTA stations serve more than one line. The report does not show the number of customers boarding each line at such stations, simply the total number of customers who entered the station. For example, even though Howard station is reported as part of the Red Line, customers also enter at Howard to ride the Purple and Yellow Lines. The report shows the number of customers who entered at Howard but does not distinguish which lines they boarded.

Ridership by Branch

The CTA system consists of several branches. Ridership on each branch is reported in this section. Some branches, such as the Congress Branch, are part of a particular line (Blue Line, in this case). Other branches, such as the Loop, are part of multiple lines.

Ridership by Entrance

Ridership at each station is shown in this section. For stations with more than one entrance, the entrances are reported individually along with the station total.

How do I compare this year to last year?

When comparing one year to another, it is best to use the weekday, Saturday, and Sunday averages rather than the monthly totals. The monthly totals are affected by the number of weekdays, Saturdays, and Sundays in the month, which can vary from year to year. For example, September 2000 and 1999 had the following breakdown of days:

	1999	2000
Weekdays	21	20
Saturdays	4	5
Sundays	5	5

Note that September of 1999 had one more weekday than September 2000 and one fewer Saturday. Since weekdays typically have much higher ridership than Saturdays, September 1999 would have a higher monthly ridership than September 2000, all other things being equal. Averaging corrects for this problem.

What if I want to compare past years?

The CTA produces two reports with historic rail ridership:

> **Weekday Traffic Trends** shows average weekday ridership for each station for each year going back to 1976.
>
> **Annual Rail Traffic** shows total annual ridership for each station for each year going back to 1979. (The years 1979-1998 are in report PSP-x99026. 1986-1999 are in report PSP-x00031.)

To obtain copies of these reports please contact Data Services and Development.

Holidays

The following holidays are reported as Sundays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

All other holidays are reported as the type of day they fall on.

Why does it appear that there is ridership on the Douglas Branch on Saturday? Isn't it closed?

Although the Cermak Branch was closed on weekends and holidays, the Friday service extended past midnight. Those customers who entered a station after midnight on Friday (that is, on Saturday) were reported as Saturday entries.

February 2005 Notes

The following factors influenced February 2005 rail ridership.

Roosevelt Red, Green and Orange Lines, Combined Ridership Summaries
In December 2002 CTA opened the transfer tunnel connecting the Roosevelt/Wabash ♿ elevated station, serving the Green and Orange Lines, to the Roosevelt/State ♿ subway station serving the Red Line. Since its opening, the tunnel has allowed Red Line customers to enter through the elevated entrance to gain access to the tunnel and the subway station. Increasingly, the Roosevelt/Wabash ♿ entrance has become an entrance serving both the Elevated system and the Subway, yet traditional reporting summaries treated the two entrances entirely separate.

Therefore, beginning with January 2005 reporting and onward, customer entries to the Roosevelt/State ♿ (subway) and Roosevelt/Wabash ♿ (elevated) stations are being combined into two entrances of one station, called Roosevelt. The Roosevelt ♿ station, while serving three different lines, is being assigned to the Red Line for summary purposes. This follows the same convention used at Howard ♿, Belmont ♿ and Fullerton ♿, which are multi-line stations, yet assigned to the Red Line. All year-over-year percent changes in this report reflect these changes as well. Users of the "Rail Ridership by Branch and Entrance" reports should take note of this change when using data from this report and comparing to reports dated earlier than January 2005, particularly for branch and line summaries for the State Subway Red Line and the Midway Orange Line.

The changes are summarized in the following table:

Reporting before Jan. 2005			**Reporting after Jan. 2005**		
Station	**Entrance**	**Branch-Line Summary**	**Station**	**Entrance**	**Branch-Line Summary**
Roosevelt/ Wabash ♿	Roosevelt ♿	Midway-Orange	Roosevelt ♿	Roosevelt ♿	State Subway-Red
Roosevelt/ State ♿	Roosevelt ♿	State Subway-Red	Roosevelt ♿	State ♿	State Subway-Red

New Auxiliary Entrances
Starting in January 2005, the "Rail Ridership by Branch and Entrance" reports will report separately on nine recently added auxiliary entrances. These entrances are unmanned entrances with one or two automated high barrier gates installed that allow entry only after valid fare payment as been verified by the automated fare system. These entrances were all opened to the public at various times over the last few years, but not until January 2005 was the ridership separated from the main entrance totals. Due to the methods of assigning data to entrances, it is not possible to separate data prior to January 2005.

The following table lists these entrances and shows which entrance the rides were previously assigned to before this change went into effect.

New Reporting Entrance	Previously Assigned to…
Irving Park - North - O'Hare Blue	Irving Park - Irving Park - O'Hare Blue
Western – West Inbound – O'Hare Blue	Western – Western – O'Hare Blue
Western – West Outbound – O'Hare Blue	Western – Western – O'Hare Blue
Damen – Hoyne – Cermak Blue	Damen – Damen – Cermak Blue*
* The Damen ♿ station on the Cermak Branch of the Blue Line was previously called Hoyne. The main entrance for this station was previously in the location of what is called the Hoyne entrance, but for historical consistency, those data have been assigned to what is now known as the Damen entrance.	
Western – West – Cermak Blue	Western – Western – Cermak Blue
California – West – Cermak Blue	California – California – Cermak Blue
Kedzie – East – Cermak Blue	Kedzie – Kedzie – Cermak Blue
Central Park – West – Cermak Blue	Central Park – Central Park – Cermak Blue
Ashland – Justine Outbound – Lake Green	Ashland – Justine Inbound – Lake Green**
** The Justine entrance of the Ashland ♿ Lake Green Line station is now being reported on as actually two separate entrances, inbound and outbound. Previously the two entrances were just reported on as only the Justine entrance. Historical entries are assigned to the Inbound entrance.	

Cermak Branch, Blue Line, Service on Weekends and Holidays
Beginning January 1st, 2005, weekend and holiday service was implemented on the Cermak Branch (Douglas) of the Blue Line. Service runs every 15 minutes on Saturday from 4 a.m. until 1 a.m., and every 20 minutes on Sundays and holidays from 4 a.m. until 1 a.m.

Red Line Lake Street mezzanine exit only
Effective Friday, August 27, the Red Line Lake Street mezzanine became temporarily exit only, as work continues on a subway station renovation. Red Line riders can enter the station from the Randolph-Washington mezzanine, about one block to the south.
