

## **February 2015 Performance Metrics**

The purpose of CTA's monthly performance metrics is to set internal goals for agency performance to encourage improvement and establish accountability. Below is information that may be helpful in understanding the metrics for the month of February, including progress that has been made in several metrics. All boxes in green demonstrate that CTA met or exceeded its monthly target and yellow boxes mean that the CTA came within 10% of the monthly performance target. An explanation for the targets missed by more than 10%, indicated by a red colored box, is provided below.

In February, the CTA met, exceeded or came within 10% of the agency's monthly internal targets in many categories -- including Rail Ridership; Bus Ridership; Total Ridership; Rail Delays of 10 minutes or More; Mean Miles Between Reported Rail Vehicle Defects; Miles Between Reported Bus Service Disruptions Due to Equipment; Average Interior Rail Clean Inspection Score; and others.

The Percent of Big Gap and Percent of Bunched Intervals in Bus missed their targets in February, affected by extreme winter weather that includes a blizzard during the month and high number of bus reroutes, which affected service. The Average Daily Percent of Bus Fleet Unavailable for Service missed its target in February related to bus maintenance issues.
