An occasional sale at a lower price, or sale of distressed merchandise at a lower price, would not be considered a "general price reduction" under this provision. The Contractor shall invoice the Authority at such reduced prices, indicating on the invoice that the reduction is pursuant to the "Price Reduction" provision of the Contract Documents. The Contractor, in addition, shall within ten (10) days of any general price reduction notify the Purchasing Agent of the Chicago Transit Authority of such reduction by letter. Where one or more such general price reductions were made, the statement furnished by the Contractor shall include, with respect to each price reduction, -- (1) the date when notice of any such reduction was issued, (2) the effective date of the reduction, and (3) the date when the Purchasing Agent was notified of any such reduction.

(ii) if the Contractor fails to perform any of the other provisions of this contract, or so fails to make progress as to endanger performance of this contract in accordance with its terms, and in either of these two circumstances does not cure such failure within a period of ten (10) days (or such other period as the Purchasing Agent may authorize in writing) after receipt of notice from the Purchasing Agent specifying such failure.

(b) In the event the Authority terminates this contract in whole or in part as provided in Paragraph (a) of this clause, the Authority may procure, upon such terms and in such manner as the Purchasing Agent may deem appropriate, supplies or services similar to those so terminated, and the Contractor shall be liable to the Authority for any excess costs for such similar supplies or services. **Provided:** That the Contractor shall continue the performance of this contract to the extent not terminated under the provisions of this clause.

(c) The Contractor shall not be liable for any excess costs if acceptable evidence has been submitted to the Purchasing Agent that failure to perform the contract was due to causes beyond the control and without the fault or negligence of the Contractor.

15. DISPUTES:

Except as otherwise provided in this contract, any dispute concerning a question of fact arising under this contract which is not disposed of shall be decided after hearing by the Purchasing Agent who shall reduce his decision to writing. This decision shall be final and binding. A copy of the decision shall be communicated to the Contractor as herein provided.

SPECIAL CONDITIONS
DISADVANTAGED BUSINESS ENTERPRISE COMMITMENT
(Material, Equipment and Supplies)

I. POLICY AND TERMS

- A. It is the policy of the Chicago Transit Authority (CTA) that Disadvantaged Business Enterprises (DBE) as defined in United States Department of Transportation (USDOT) Regulation 49 C.F.R., Part 23 and Section 106(c) Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA), shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds. This policy also applies to contracts financed in whole or in part with funds provided by UMTA, Illinois Department of Transportation (IDOT), Regional Transportation Authority (RTA) and the City of Chicago (City).
- B. Failure to carry out the commitments and policies set forth herein shall constitute a material breach of contract and may result in the termination of the contract or such remedy as CTA deems appropriate.
- C. Accordingly, the Bidder/Proposer agrees to expend not less than the following percentages of the total contract price (inclusive of any and all modifications and amendments), if awarded, for contract participation by DBEs (Refer to Item VI, Page 4):

Disadvantaged Business Enterprise Goal: 30%

- D. For purposes of evaluating bidders' responsiveness, the contract DBE participation goal shall be a percentage of the Total Contract Price by the Contractor. However, the DBE participation goal shall apply to the total dollar value of this contract, inclusive of all amendments, modifications and change orders, and the Contractor agrees to make their best effort to include DBE participation in any contract modification work.
- E. This commitment may be met by the bidder/proposer's status as a DBE, or by a joint venture with one or more DBEs, or by subcontracting a portion of the work to one or more DBEs, or by the purchase of materials used in the performance of the contract from one or more DBEs or by any combination of the above.
- F. The bidder/proposer, after exhausting all required efforts to involve DBEs directly and with prior approval by CTA, may also meet all or part of the DBE commitment by contracting with DBEs for the provision of goods and services *not directly* related to the performance of this contract. However, the bidder/proposer shall, in determining the manner of DBE participation, first consider involvement of DBE firms as joint venture partners, subcontractors and suppliers of goods and services *directly* related to the performance of this contract. In all cases CTA requires the bidder/proposer to demonstrate the specific efforts undertaken by it to involve DBE firms *directly* in the performance of this contract.
- G. The bidder/proposer who fails to meet the DBE goal and fails to demonstrate sufficient "Good Faith" efforts shall not be eligible to be awarded the Contract.
- H. In connection with the performance of this contract, the bidder/proposer will cooperate with CTA in meeting its commitments and goals with regard to maximum utilization of Disadvantaged Business Enterprises (DBE), and will ensure that DBEs shall have the maximum practicable opportunity to compete for subcontract work under this contract agreement.
- I. Agreements between a bidder/proposer and a DBE in which the DBE promises not to provide subcontracting quotations to other bidder/proposers are prohibited.
- J. Bidder/proposers and their subcontractors/suppliers agree to ensure that DBEs as defined in U.S.DOT Regulation 49 CFR, Part 23 and Section 106(c) (STURAA) have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with federal funds provided under this agreement. In this regard, bidder/proposers and their subcontractors/suppliers shall take all necessary and reasonable steps in accordance with 49 CFR, Part 23 and Section 106(c) (STURAA) to ensure that DBEs have the maximum opportunity to compete for and perform contracts. Bidders/proposers and their subcontractors/suppliers shall not discriminate on the basis of race, color, national origin or sex in the award and performance of contracts assisted by the U.S. Department of Transportation.

II. DEFINITIONS

- A. "Disadvantaged Business Enterprise" or "DBE" means a small business concern awarded certification by the CTA as a business owned and controlled by socially and economically disadvantaged individuals in accordance with U.S.DOT Regulation 49 CFR, Part 23 and Section 106(c) (STURAA).
- B. "Socially and Economically Disadvantaged Individuals" means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are Black Americans, Hispanic Americans, Native Americans, Asian-Pacific Americans, Asian-Indian Americans or women regardless of ethnicity, and any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act.

The Manager, DBE Program/Contract Compliance shall make a rebuttable presumption that individuals in the following groups are socially and economically disadvantaged. The Manager, DBE Program/Contract Compliance may also determine, on a case-by-case

basis, that individuals who are not a member of one of the following groups are socially and economically disadvantaged:

1. **"Black Americans,"** which includes persons having origins in any of the Black racial groups of Africa;
 2. **"Hispanic Americans,"** which includes persons of Mexican, Puerto Rican, Cuban, Central or South American, or other Spanish or Portuguese culture or origin, regardless of race;
 3. **"Native Americans,"** which includes persons who are American Indians, Eskimos, Aleuts, or Native Hawaiians;
 4. **"Asian-Pacific Americans,"** which includes persons whose origins are from Japan, China, Taiwan, Korea, Vietnam, Laos, Cambodia, the Philippines, Samoa, Guam, the U.S. Trust Territories of the Pacific, and the Northern Marianas; and
 5. **"Asian-Indian Americans,"** which includes persons whose origins are from India, Pakistan and Bangladesh.
- C. **"Small Business Concern"** means a small business as defined pursuant to Section 3 of the Small Business Act and relevant regulations promulgated pursuant thereto except that a small business concern shall not include any concern or groups of concerns controlled by the same socially and economically disadvantaged individual or individuals which has annual average gross receipts in excess of \$14 million over the three previous fiscal years.
- D. **"Directory"** means the Directory of Certified Disadvantaged Business Enterprises maintained and published by the DBE Program/Contract Compliance Department. The Directory identifies firms that have been certified as DBEs, and includes both the date of their last certification and the area of specialty in which they have been certified. Bidder/proposers are responsible for verifying the current certification status of all proposed DBE firms.
- E. **"Area of Specialty"** means the description of the DBE firm's business which has been determined by the Manager, DBE Program/Contract Compliance to be most reflective of the DBE firm's claimed specialty or expertise. Each DBE letter of certification contains a description of their Area of Specialty. This information is also contained in the Directory. Credit toward this contract's DBE participation goal shall be limited to the participation of firms performing within their Area of Specialty. CTA reserves the right to investigate and determine active DBE participation and applicable DBE credit specifically identified for this contract prior to award.

NOTICE: The Chicago Transit Authority does not make any representations concerning the ability of any DBE to perform work within their Area of Specialty. It is the responsibility of all bidder/proposers to determine the capability and capacity of the DBE firms to satisfactorily perform the work proposed.

- F. **"Joint Venture"** means an association of two or more businesses to carry out a single business enterprise for profit, and for which purpose they combine their expertise, property, capital, efforts, skill and knowledge. Bidder/proposers may develop joint venture agreements as an instrument to provide participation by DBEs in contract work. A joint venture seeking to be credited for DBE participation may be formed among DBE firms or between DBE firm(s) and non-DBE firm(s).

A joint venture is eligible for DBE credit if the DBE partner(s) share in the ownership, control, management responsibilities, risks and profits of the joint venture, and are responsible for a clearly defined portion of the work to be performed, in proportion with the DBE ownership percentage.

III. THIRD PARTY CHALLENGES TO ELIGIBILITY OF DBE FIRMS

- A. Any third party may challenge the socially and economically disadvantaged status of any individual presumed to be socially and economically disadvantaged pursuant to Title 49 C.F.R., Part 23.62 provided that the challenged individual is an owner of a firm certified by or seeking certification from CTA as a disadvantaged business. An individual who has a current 8 (a) certification from the Small Business Administration may not be challenged through this procedure.
- B. The challenge shall be in writing and shall include all information available to the challenging party relevant to the determination of whether the challenged individual is in fact socially and economically disadvantaged. The written challenge shall be filed with CTA's Manager, DBE Program/Contract Compliance Department.
- C. CTA shall determine, on the basis of the information provided to it, whether there is reason to believe that the challenged individual is, in fact, not socially and economically disadvantaged. If CTA determines that there is no reason to believe that the challenged individual is not socially and economically disadvantaged, CTA shall so inform the challenging party in writing. The decision is final and terminates the proceedings as hereinafter provided. If CTA determines that there is reason to believe that the challenged party is not socially and economically disadvantaged, CTA shall begin a proceeding as follows:
 1. CTA shall notify the challenged party that his or her status as a socially and economically disadvantaged individual has been challenged. The notice shall identify the challenging party and summarize the grounds for the challenge. The notice shall also require the challenged individual to provide CTA, within ten (10) business days, information sufficient to permit CTA to evaluate his or her status as a socially and economically disadvantaged individual. Failure to provide the requested information will result in decertification or denial of certification.
 2. CTA shall evaluate the information available to it, conduct such investigation as deemed necessary and make a proposed determination of the social and economic disadvantaged status of the challenged individual. CTA shall notify both parties of the proposed determination in writing, setting forth the reason(s) for its proposal. CTA shall also provide an opportunity to the parties for an informal hearing at which time each party shall have the opportunity to respond to this proposed determination in writing

and in person. The rules of evidence shall not apply; there shall be no presentation of witnesses or cross-examination.

3. Following the informal hearing, CTA shall make a final determination. CTA shall inform the parties, in writing, of the final determination, setting forth the reasons for its decision. In making its determination, CTA shall be guided by the social and economic eligibility standards of Title 49 C.F.R., Part 23.
- D. During the pendency of a challenge under this office, the presumption that the challenged party is a socially and economically disadvantaged individual shall remain in effect.
- E. Once CTA has made a final decision on a challenge matter, that determination goes into effect immediately with respect to CTA's Federally-assisted contracts. Except as provided in Title 49 C.F.R., Part 23.55, the decision by CTA shall be final for all contracts being let at the time of the final determination.
- F. The final determination by CTA may be appealed by the adversely affected party to the Secretary, United States Department of Transportation under the procedures set forth in 49 C.F.R. Section 23.55. Any firm which believes that it has been wrongly denied certification as a DBE or joint venture may file an appeal in writing, signed and dated with the Secretary, United States Department of Transportation, no later than 180 days after the date of CTA's final determination. Third parties who have reason to believe that another firm has been wrongly denied or granted certification may advise the Secretary of the United States Department of Transportation.

IV. JOINT VENTURES

Bidder/proposers may develop joint venture agreements as an instrument to provide participation by DBEs in contract work. A joint venture seeking to be credited for DBE participation may be formed among DBE firms or between a DBE firm and a non-DBE firm.

A joint venture is eligible if, and only if, all of the following requirements are satisfied:

- **the DBE venturer(s) share in the (1) ownership, (2) control, (3) management responsibilities, (4) risks and (5) profits of the joint venture in proportion with the DBE ownership percentage; and**
- **the DBE venturer(s) are responsible for a clearly defined portion of work to be performed, in proportion with the DBE ownership percentage.**

The Manager, DBE Program/Contract Compliance will evaluate the proposed joint venture agreement, Schedule B submitted on behalf of the proposed joint venture, and all related documents to determine whether these requirements have been satisfied. In addition, the Manager, DBE Program/Contract Compliance shall consider the record of the joint venturers as joint venturers on CTA contracts. The decision of the Manager, DBE Program/Contract Compliance, regarding the eligibility of the Joint Venture shall be final.

NOTE: Credit for participation by DBEs in joint venture with non-DBEs does not require a minimum participation of 51% venture ownership and control on the part of the DBE. A junior ownership interest only in the venture by the DBE can be credited toward the contract DBE goal in a pro rata fashion as indicated below, **V. COUNTING DBE PARTICIPATION TOWARD THE CONTRACT GOAL.**

DBE/non-DBE joint ventures are creditable at any tier. (Notice: CTA requires that, whenever a joint venture is proposed as the prime contractor, each joint venturer must sign the proposal to CTA.).

V. COUNTING DBE PARTICIPATION TOWARD THE CONTRACT GOAL

The inclusion of any DBE in the bidder/proposer's DBE Utilization Plan shall not conclusively establish the bidder/proposer's eligibility for full DBE credit for the firm's participation in the contract.

The Manager, DBE Program/Contract Compliance reserves the right to deny or limit DBE credit to the bidder/proposer where any DBE is found to be engaged in substantial subcontracting or pass-through activities with others. In this regard, a bidder/proposer may count toward its DBE goal only expenditures to firms that are currently certified with the CTA and perform a commercially useful function. A firm is considered to perform a commercially useful function when it is responsible for the performance of a distinct element of the work and in carrying out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function, the Manager, DBE Program/Contract Compliance shall evaluate the amount of work subcontracted, industry practices and other relevant factors. The amount of DBE participation credit shall be based upon an analysis by the Manager, DBE Program/Contract Compliance of the specific duties that will be performed by the DBE. Each DBE will be expected to perform all of the work contemplated for it by any subcontract or agreement through the use of its own employees and equipment.

Credit for the participation of DBE firms as joint venture partners shall be based upon a detailed analysis of the duties, responsibilities and risks undertaken by the DBE as specified by the joint venturer's executed joint venture agreement. The Manager, DBE Program/Contract Compliance reserves the right to deny or limit DBE credit to the bidder/proposer where any DBE joint venture partner is found to have duties, responsibilities, risks of loss and management control over the joint venture that is not commensurate with or in proportion to its joint venture ownership.

DBE participation shall be counted toward the DBE goal set in the contract as follows:

- A. Once a DBE is determined to be eligible in accordance with these rules, the total dollar value of the contract awarded to the DBE may be counted toward the DBE goal, except as indicated below.

- B. A bidder/proposer may count toward its DBE goal a portion of the total dollar value of a contract with a joint venture eligible under the standards of the Special Conditions equal to the percentage of the ownership and control of the DBE venturer.
- C. A bidder/proposer may count toward its DBE goal only expenditures to firms that perform a commercially useful function in the work of a contract. A firm is considered to perform a commercially useful function when it is responsible for execution of a distinct element of the work of a contract and carries out its responsibilities by actually performing, managing, and supervising the work involved. To determine whether a firm is performing a commercially useful function the Manager, DBE Program/Contract Compliance shall evaluate the amount of work subcontracted, industry practices and other relevant factors.

Consistent with normal industry practices, a DBE may enter into subcontracts. If a DBE bidder/proposer subcontracts a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the DBE shall be presumed not to be performing a commercially useful function. Evidence may be presented by the contractors involved to rebut this presumption.

- D. A bidder/proposer may count towards its DBE goal sixty percent (60%) of its expenditures for materials and supplies required under the contract and obtained from a DBE regular dealer, and one-hundred percent (100%) of such expenditures to a DBE manufacturer.

For purposes of this section, a manufacturer is a firm that operates or maintains a factory or establishment that produces on the premises the materials or supplies obtained by the contractor.

For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials or supplies required for performance of the contract are bought, kept in stock, and regularly sold to the public in the usual course of business. To be considered a regular dealer, the firm must engage in, as its principal business, and in its own name, the purchase and sale of the products in question. A regular dealer in such bulk items as steel, cement, gravel, stone, and petroleum products need not keep such products in stock, if it owns or operates distribution equipment. Brokers and packagers shall not be considered as manufacturers or regular dealers within the meaning of this section.

- E. A bidder/proposer may count towards its DBE goal the following expenditures to DBE firms that are not manufacturers or regular dealers:
1. The fees or commissions charged for providing a bona fide service, such as professional, technical, bidder/proposer or managerial services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies required for performance of the contract, provided that the fee or commission is determined by the Manager, DBE Program/Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 2. The fees charged for delivery of materials and supplies required on a job site (but not the cost of the materials and supplies themselves) when the hauler, trucker, or delivery service is not also the manufacturer of or a regular dealer in the materials and supplies provided that the fee is determined by the Manager, DBE Program/Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.
 3. The fees or commissions charged for providing any bonds or insurance specifically required for the performance of the contract, provided that the fee or commission is determined by the Manager, DBE Program/Contract Compliance to be reasonable and not excessive as compared with fees customarily allowed for similar services.

VI. GRANT OF RELIEF FOR BIDDERS: WAIVER OF DBE GOALS

In the event the bidder/proposer finds it impossible to fully meet the DBE goal of this contract, the bidder/proposer must submit a signed petition for grant of relief from this Special Condition on the bidder/proposer letterhead, accompanied by documentation demonstrating that all reasonable "good faith" efforts were made toward fulfilling the goal.

To demonstrate sufficient reasonable efforts to meet the DBE contract goal, a bidder/proposer shall document the steps it has taken to obtain DBE participation, including but not limited to the following:

- A. Attendance at a pre-bid meeting, if any, scheduled by the CTA to inform DBEs of subcontracting opportunities under a given solicitation.
- B. Advertisement in general circulation media, trade association publications, and minority-focus media for at least 20 days before bids or proposals are due. If 20 days are not available, publication for a shorter reasonable time is acceptable.
- C. Written notification to DBEs that their interest in the contract is solicited.
- D. Efforts made to select portions of the work proposed to be performed by DBEs in order to increase the likelihood of achieving the stated goal.
- E. Efforts to negotiate with DBEs for specific subbids including at a minimum:
 1. The names, addresses, and telephone numbers of DBEs that were contacted;
 2. A description of the information provided to DBEs regarding the plans and specifications for portions of the work to be performed; and
 3. A statement of why additional agreements with DBEs were not reached;
- F. Concerning each DBE the competitor contacted but rejected as unqualified, the reason for the competitor's conclusion;

G. Efforts made to assist the DBEs contacted that needed assistance in obtaining bonding or insurance required by bidder/proposer or CTA.

Bidders/proposers that fail to meet DBE goals and fail to demonstrate sufficient reasonable efforts will be deemed in non-compliance and shall not be eligible to be awarded the contract.

To ensure that all obligations under contracts awarded to DBEs are met, CTA shall review the contractor's DBE involvement efforts during the performance of the contract. The bidder/proposer shall bring to the attention of CTA, any situation in which regularly scheduled progress payments are not made to DBE subcontractors.

If the bidder/proposer does not meet the DBE goal, price alone shall not be an acceptable basis for which the bidder may reject the DBE sub-bid unless the bidder/proposer can show to the satisfaction of CTA that no reasonable price can be obtained from a DBE. A determination of reasonable price is based on such factors as CTA's estimate for work under a specific subcontract, the bidder/proposer's own estimate for the specific subcontracts, and the average of bona fide prices quoted for the specific subcontract. A DBE bid for subcontract will be presumed to be unreasonable if the DBE's price exceeds the average price quoted by more than fifteen (15) percent.

VII. PROCEDURE TO DETERMINE BID COMPLIANCE

The following Schedules and described documents constitutes the bidder/proposer's DBE proposal, and must be submitted with the bidder/proposer's bid at time of bid opening. Failure to submit completed Schedules and described documents with bidder/proposer's bid will cause the bid to be considered non-responsive and will be cause to reject the bid in its entirety.

A. Schedule B: Affidavit of DBE/Non-DBE Joint Venture

Where the bidder's DBE proposal includes the participation of any DBE as a joint venturer, on any tier, the bidder must submit, together with their bid, a **Schedule B: Affidavit of DBE/Non-DBE Joint Venture** with an attached copy of the joint venture agreement proposed among the parties.

The **Schedule B**, in conjunction with the joint venture agreement must clearly evidence that the DBE venturer will be responsible for a clearly defined portion of the work to be performed, and that the DBE firm's responsibilities are in proportion with their ownership percentage. In order to demonstrate the DBE venturer's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the proposed joint venture agreement shall include specific details related to (1) the contributions of capital and equipment; (2) work items to be performed by the DBE's own forces; (3) work items to be performed under the supervision of the DBE venturer; and (4) the commitment of management, supervisory and operating personnel employed by the DBE to be dedicated to the performance of the project.

B. Schedule C: Letter of Intent from DBE to Perform as Subcontractor, Supplier and/or Consultant

A **Schedule C**, executed by the DBE firm (or Joint Venture Subcontractor) must be submitted by the bidder/proposer with its bid at time of bid opening for each DBE included on their **Schedule D**. Each schedule must accurately detail the work to be performed by the DBE firm and the agreed rates and prices to be paid.

C. Letters of Certification.

1. A copy of each proposed DBE firm's current Letter of Certification or Recertification from CTA must be submitted with the proposal (LIQ or RFP).
2. All Letters of Certification or Recertification issued by CTA include a statement of the DBE firm's area of specialization and appropriate DBE goal credit (see Section V. COUNTING DBE PARTICIPATION TOWARD THE CONTRACT GOAL). The DBE firm's scope of work, as detailed by their **Schedule C** must conform to their stated area of specialization. Where a DBE is proposed to perform work not covered by their area of specialization, they must request in writing, an expansion of their area of specialization prior to their being proposed to perform such work. The DBE firm's request to expand the scope of their area of specialization, together with all documentation required by CTA to process that request, must be received by the Manager, DBE Program/Contract Compliance prior to the bid opening.

NOTE: In order for a non-certified DBE firm to be considered as a proposed DBE by the bidder/proposer, a **Schedule A, Certification Affidavit or Recertification Affidavit** must be received by the DBE Program/Contract Compliance Department prior to the bid opening.

3. All Letters of Certification or Recertification are dated and are valid for one (1) year from the date of issue by CTA.

D. Joint Venture Agreements.

1. If the bidder/proposer's DBE proposal includes the participation of DBE firm(s) as joint venturers on any tier (either as the bidder/proposer or as a subcontractor), bidder/proposer must provide a fully executed and notarized copy of the joint venture agreement, with their bid at time of opening.
2. In order to demonstrate the DBE partner's share in the ownership, control, management responsibilities, risks and profits of the joint venture, the agreement must contain specific details related to:

- a. Contributions of capital and equipment;
- b. Work responsibilities or other performance to be undertaken by the DBE firm;
- c. The commitment of management, supervisory and operating personnel employed by the DBE to be dedicated to the performance of the contract. The joint venture agreement must also clearly define each partner's authority to contractually obligate the joint venture and each partner's authority to expend joint venture funds (e.g. check signing authority).

E. Schedule D: DBE Utilization Plan

1. Bidder/proposers must submit, together with the bid, a completed **Schedule D** committing them to the utilization of each listed DBE firm.
2. Except in cases where the bidder/proposer has received a complete waiver of the DBE goal in accordance with Section VI herein, the bidder/proposer must commit to the expenditure of a specific dollar amount of participation by each DBE firm included on their **Schedule D**. The total dollar commitment to proposed DBE firms must at least equal the DBE goal. Bidders/proposers are responsible for calculating the dollar equivalent to the DBE goal as a percentage of their total base bids, or, in the case of annual unit price, in conjunction with total estimated annual usage/expenditures.
3. All commitments made by the bidder/proposers **Schedule D** must conform to those presented in the submitted **Schedule C**. Except In cases where substantial and documented justification is provided, bidder/proposers will not be allowed to reduce the dollar commitment made to any DBE in order to achieve conformity between the Schedules C and D.
4. The submittals must have all spaces on the Schedule pages correctly filled in.
5. During the period before award, the submitted documentation will be evaluated. Furthermore, the bidder agrees to give upon request, earnest and prompt cooperation to the Manager, DBE Program/Contract Compliance in:
 - a. Submitting to interviews that may be necessary;
 - b. Allowing entry to places of business;
 - c. Providing further documentation; or
 - d. Soliciting the cooperation of a proposed DBE in providing such assistance.
6. A bid may be treated as non-responsible by reason of the determination that:
 - a. A bidder's proposal contains an insufficient level of DBE participation;
 - b. The bidder was found to be unresponsive or uncooperative when asked for further information relative to the proposal; or
 - c. False statements were made in the Schedules.
 - d. The DBE submitted is not certified by the CTA or has not submitted a **Schedule A** to the DBE Department prior to bid opening.

VIII. REPORTING REQUIREMENTS DURING THE TERM OF THE CONTRACT

- A. The bidder/proposer shall, within five (5) business days of receiving the awarded contract or prior to any work being performed, execute formal subcontracts or purchase orders with the DBE firms included in their proposed Schedules. These written agreements shall be made available to the Manager, DBE Program/Contract Compliance Department upon request.
- B. During the term of annual contracts, the bidder/proposer shall submit regular "Status Reports of DBE Subcontract Payments." The frequency with which these reports are to be submitted will be determined by the Manager, DBE Program/Contract Compliance Department, but in no case will reports be required less often than on a quarterly basis. In the absence of written notice from the Manager, DBE Program/Contract Compliance, the bidder/proposer's first Status Report of DBE Subcontract Payments will be due ninety (90) days after the date of contract award, and reports will be due quarterly thereafter.
- C. In the case of one-time procurements with either single or multiple deliveries, a "Status Report of DBE Subcontract Payments,... indicating final DBE payments shall be submitted directly to the Manager, DBE Program/Contract Compliance Department, so as to assure receipt either at the same time, or before the using department receives contractor's final invoice. (NOTICE: Do not submit original invoices with "Status Report of DBE Subcontract Payments.")
- D. Status Report of DBE Subcontract Payments are to be submitted directly to: Manager, DBE Program/Contract Compliance Department, P.O. Box 7562, Chicago, IL 60680-7562.

IX. DBE SUBSTITUTIONS

- A. Arbitrary changes by the bidder/proposer of the commitments earlier certified in the **Schedule D** are prohibited. Further, after once entering into each approved DBE subagreement, the bidder/proposer shall, thereafter, neither terminate the subagreement, nor reduce the scope of the work to be performed by the DBE, nor decrease the price to the DBE, without in each instance receiving prior written approval of the Manager, DBE Program/Contract Compliance Department.
- B. In some cases, however, it may become necessary to substitute a new DBE in order to actually fulfill the DBE requirements. In such cases, the Manager, DBE Program/Contract Compliance must be given reasons justifying the release by CTA of prior specific DBE commitments established in the bidder/proposer's bid proposal. The substitution procedure will be as follows:

1. The bidder/proposer must notify the Manager, DBE Program/Contract Compliance immediately in writing of an apparent necessity to reduce or terminate a DBE subcontract and to propose a substitute firm for some phase of work, in order to sustain the fulfillment of the DBE contract goals.
2. The bidder/proposer's notification to CTA should include the specific reasons for the proposed substitution. Stated reasons which would be acceptable include any of the following examples: A previously committed DBE was found not to be able to perform, or not to be able to perform on time; a committed DBE was found not to be able to produce acceptable work; a DBE previously committed to a given price later demands an unreasonable escalation of price.

The bidder/proposer's position in these cases must be fully explained and supported with adequate documentation. Stated reasons which will not be acceptable include: A replacement firm has been recruited to perform the same work under terms more advantageous to the bidder/proposer; issues about performance by the committed DBE were disputed (unless every reasonable effort has already been taken to have the issues resolved or mediated satisfactorily); a DBE has requested reasonable price escalation which may be justified due to unforeseen circumstances (i.e., a change in scope of DBE's work).

3. The bidder/proposer's notification should include the name, address, and principal official of any proposed substitute DBE and the dollar value and scope of work of the proposed subcontract. The same DBE affidavits and documents, which are required of bidder/proposers, as enumerated above in Section VII, "Procedure to Determine Bid Compliance" shall be attached.
 4. CTA will evaluate the submitted documentation and respond within fifteen (15) working days to the request for approval of a substitution. The response may be in the form of requesting more information, or requesting an interview to clarify or mediate the problem. The response may also be in the form of a rejection of the proposed DBE substitution with the reasons therefor included in CTA's response. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, CTA will instead respond as soon as practicable.
 5. Actual substitution of a DBE to fulfill contract requirements should not be made prior to CTA approval. Once notified of CTA approval, the substitute DBE subcontract must be executed within five (5) working days, and a copy of the DBE subcontract, with signatures of both parties to the agreement, should be submitted to CTA.
- C. CTA will not approve extra payment for escalated costs incurred by the bidder/proposer when a substitution of subcontractors becomes necessary in order to comply with DBE contract requirements.
- D. After award of contract, no relief of the DBE requirements will be granted by CTA except in exceptional circumstances. Requests for complete or partial waiver of the DBE requirements of the contract must be made in writing, stating all details of the request, the circumstances, and all relevant information. The request must be accompanied by a record of all efforts taken by the bidder/proposer to locate specific firms, solicit DBE bids, seek assistance from technical assistance agencies, etc., as outlined above in Section VI. "Grant of Relief for Bidders: Waiver of DBE Goals."
- E. In a case where an enterprise under contract was previously considered to be a DBE but is later found not to be, or whose work is found not to be creditable toward the DBE goal fully as planned, CTA will consider the following special criteria in evaluating a waiver request:
1. Whether the bidder/proposer was reasonable in believing the enterprise was a DBE or that eligibility or "counting" standards were not being violated;
 2. The adequacy of unsuccessful efforts taken to obtain a substitute DBE as outlined in Section VI above, "Grant of Relief for Bidders: Waiver of DBE Goal."
- F. The Manager, DBE Program/Contract Compliance has sole authority regarding all matters of DBE compliance, including the granting of waivers or other relief to bidder/proposers.

X. NON-COMPLIANCE

- A. The Manager, DBE Program/Contract Compliance shall have the discretion to apply suitable sanction(s) to the bidder/proposer if the bidder/proposer is found to be in non-compliance with the DBE requirements. Failure to comply with the DBE terms of this contract or failure to use DBEs as stated in the bidder/proposer's submitted schedules constitutes a material breach of this contract, and may lead to the suspension and/or termination of this contract in whole or in part; furthermore, continued eligibility to enter into future contracting arrangements with CTA may be jeopardized as a result of non-compliance. In some cases, payments may be withheld until corrective action is taken.

- B. When work is completed, in the event that CTA has determined that the bidder/proposer was not compliant in the fulfillment of the required DBE goal, and a grant of relief of the requirement was not obtained, CTA will thereby be damaged in the failure to provide the benefit of participation to Disadvantaged Business Enterprises to the degree set forth in this SPECIAL CONDITION.
- C. Therefore, if CTA has determined, before the contract has been completed, the contractor is in non-compliance with the DBE goal, CTA will deduct part of the total contract amount, in cumulative amounts computed as follows:

For each one (1) percent (or fraction thereof) of shortfall towards the DBE goal, one (1) percent of the total contract amount shall be withheld from the Contractor as a means of satisfying the DBE goal shortfall.

XI. RECORD KEEPING

The Contractor shall maintain records of all relevant data with respect to the utilization of DBEs, retaining these records for a period of at least three (3) years after final acceptance of the work. Full access to these records shall be granted to the Chicago Transit Authority, Federal or State authorities in this project, the U.S. Department of Justice, the U.S. Department of Transportation, or any duly authorized representatives thereof.

STANDARD GOVERNMENT REQUIREMENTS FOR MATERIAL AND EQUIPMENT PURCHASES

This contract is subject to financial assistance contracts between the U.S. Department of Transportation (DOT), Urban Mass Transportation Administration (UMTA), the State of Illinois Department of Transportation (IDOT), Division of Public Transportation (DPT), and the Chicago Transit Authority (CTA).

The following clauses shall be included as part of the specification for the proposed contract and for each of its related subcontracts.

A. CONTRACT CHANGES. "Any proposed change in this contract shall be submitted to the Chicago Transit Authority for its prior written approval."

B. INTEREST OF MEMBERS OF CONGRESS. No members of, or delegate to, the Illinois General Assembly or the Congress of the United States shall be admitted to any share or part of this contract or to any benefit arising therefrom.

C. PROHIBITED INTERESTS. "No member, or officer, or employee of Chicago Transit Authority or a local public body with financial interest or control in this contract during his tenure or for one year thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."

D. INELIGIBLE CONTRACTORS. Contractors are required to certify that they ARE NOT included on the U.S. Comptroller General's Consolidated List of persons or firms currently debarred for violations of various Public Contracts incorporating labor standards provisions.

E. NONDISCRIMINATION. "In connection with the execution of this contract, the contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, ancestry or handicap. The contractor shall take affirmative actions to insure that applicants are employed and that employees are treated during their employment, without regard to their race, religion, color, sex, national origin, ancestry or handicap. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection of training, including apprenticeship."

F. ILLINOIS HUMAN RIGHTS ACT - Equal Employment Opportunity. During the performance of this contract, the contractor agrees as follows:

1. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, national origin or ancestry, age, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
2. That it will submit reports as required by the Department's Rules and Regulations, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules and Regulations.
3. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and the Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's Rules and Regulations.
4. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations."

G. ENVIRONMENTAL AND ENERGY PROTECTION AND CONSERVATION REQUIREMENTS. All facilities and equipment will meet the criteria for air and water pollution control and energy conservation as follows:

"All facilities and equipment acquired, constructed, reconstructed, or improved using UMTA and DPT grant funds, shall be designed and equipped to prevent or control air and water pollution in accordance with criteria issued by the Department of Health, Education and Welfare. However, in those locations where State or local air and water pollution regulations are in force, the more restrictive criteria shall govern."

All contractors and suppliers must submit evidence to CTA that the governing air and water pollution criteria will be met. This evidence and related documents will be retained by the sponsor for on site examination by UMTA and DPT representatives."

"All contractors and suppliers shall recognize mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. § 6321 et seq.)."

H. DISADVANTAGED BUSINESS ENTERPRISE

AUTHORITY: Department of Transportation Regulations 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA).

1. **Policy:** It is the policy of the Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in DOT Regulations 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA), shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds under this contract. Consequently, the DBE requirements of 49 CFR, Part 23 and Section 106(c) of STURAA apply to this contract.
2. **DBE Obligation:** Bidders agree to ensure that Disadvantaged Business Enterprises as defined in 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA), have the maximum practicable opportunity to participate in the performance of contract and subcontract activities financed in whole or in part with federal funds provided under this agreement. Bidders shall take all necessary and reasonable steps in accordance with the above authority to ensure that Disadvantaged Business Enterprises have the maximum practicable opportunity to compete for and perform as subcontractors. Prime contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of DOT assisted contracts.

"Disadvantaged Business" means a small business concern:

- (a) Which is at least 51 percent owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and
- (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

"The Small Business Act" defines small for the purpose of Government procurement as a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is bidding on Government contracts and can further qualify under the criteria set forth in Section 13 CFR, Part 121, 3-8.

"Socially and Economically Disadvantaged Individuals" means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are Black Americans; Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans including women regardless of their ethnic origin or race and any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act.

3. In connection with the performance of this contract, the prime contractor will cooperate with CTA in meeting its commitments and goals with regard to maximum utilization of Disadvantaged Business Enterprise (DBE) and will insure that disadvantaged business enterprises shall have the maximum practicable opportunity to compete for sub-contract work under this agreement contract.
4. **Goals:** The Disadvantaged Business Enterprise (DBE) goal established for this contract is contained in the Proposal section of this document. Failure to fully comply with the DBE goal may result in your bid being rejected in its entirety. Also, included is the DBE Participation Statement, Form 715.18, which must be completed, executed and submitted to CTA along with your bid. Bidders who fail to meet the DBE goal and fail to demonstrate their good faith efforts to meet the goal in accordance with the guidelines contained in the section entitled **"Grant of Relief For Bidders: Waiver of DBE Goals"** may not be eligible to be awarded the contract.

In the event the prime contractor chooses to alter this list after contract award, the prime contractor must be able to demonstrate that the named DBE subcontractor is unable to perform because of default or overextension on other projects or provide other similar justification for CTA's approval. It is not intended that a prime contractor's ability to negotiate a more advantageous contract with another subcontractor be considered valid basis for change.

Substitution of a named DBE subcontractor by the prime bidder/contractor both before and/or after award of contract, requires the replacement be a DBE subcontractor and must be approved by CTA. CTA, solely, will determine the acceptance or rejection of any justification for substitution of any named DBE subcontractor by the bidder/prime contractor.

Agreements between a bidder and a DBE in which the DBE promises **not** to provide subcontracting quotations to other bidders are prohibited.

5. GRANT OF RELIEF FOR BIDDERS: WAIVER OF DBE GOALS

- A. If bidder or proposer find it impossible to fully meet the DBE goal of this contract, the bid or proposal **must** include a signed petition for grant of relief from this requirement on bidder or proposer's letterhead, accompanied by documentation showing that all reasonable "good faith" efforts were made toward fulfilling the goal.
- B. The bidder or proposer requesting a waiver or variance of the DBE goal should generally demonstrate the following in its petition:
 - 1) Evidence of direct negotiations with DBE firms including, at a minimum:
 - a) the names, addresses and telephone numbers of DBE firms contacted;
 - b) a description of the information provided to the DBE firms regarding potential work to be performed; and
 - c) a statement indicating why negotiations failed to result in any agreement;
 - 2) A detailed statement of efforts made to identify and select portions of direct contract work to be performed by DBE firms;

- 3) A detailed statement of the efforts made to identify opportunities for DBE firms to perform work for the bidder/proposer where such DBE contracting would not be directly related to the performance of this contract;
 - 4) Evidence of the bidder/proposer's general affirmative action policies regarding the utilization of DBE firms, including an exposition of methods used to carry out these policies; and
 - 5) Evidence of the bidder/proposer's past performance with regard to the participation of DBE firms in Chicago Transit Authority contracts and in proportion with the bidder/proposer's overall expenditures for goods and services.
- C. If the bidder/proposer does not meet the DBE goal, price alone shall not be an acceptable basis for which the bidder may reject the DBE subbid unless the bidder/proposer can show to the satisfaction of CTA that no reasonable price can be obtained from a DBE. A determination of reasonable price is based on such factors as CTA's estimate for the specific subcontracts, and the average of the bona fide prices quoted for the specific subcontract. A DBE bid for subcontract will be presumed to be unreasonable if the DBE's price exceeds the average price quoted by more than fifteen (15) percent.

6. Bidders that fail to meet DBE goal and fail to demonstrate sufficient reasonable efforts shall not be eligible to be awarded the contract.

7. To insure that all obligations under contracts awarded to DBE's are met, CTA shall review the prime contractor's DBE involvement efforts during the performance of the contract. The prime contractor shall bring to the attention of CTA any situation in which regularly scheduled progress payments are not made to DBE subcontractors.
8. Should the prime contractor fail to meet the DBE goals, he must submit to CTA justification for this failure and provide the information contained in DOT Regulation 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA). CTA, solely, will determine the acceptance or rejection of any justification for failure to meet established goals. Guidelines for such justification are contained in item #5 above.
9. The contractor is bound by the above specified regulations whether it is mentioned in its entirety or by reference in the above.

I. SPECIFIC MATERIALS AND/OR SPECIFIC EQUIPMENT. Wherever in these Specifications an article, equipment or material is defined by describing a proprietary product or by using the name of a manufacturer or vendor or trade name including catalogue numbers and/or part numbers and/or drawing numbers, the term "or equal" if not inserted shall be implied. The specific article, equipment or material mentioned shall be understood as establishing the type, function and minimum standard of design, efficiency, quality and performance desired and shall not be construed in such a manner as to exclude manufacturer's products or comparable design, efficiency, quality and performance. CTA Engineers shall decide whether or not the article, equipment or material proposed by the bidder or contractor is equal to that specified in the Specification.

J. TERMINATION OF CONTRACT. Chicago Transit Authority reserves the right to terminate this contract at any time after date of contract, with or without cause, by giving the contractor, in writing, a notice of termination. The notice shall be mailed certified to the contractor at his business address, and the effective date of termination shall be the date of receipt of the notice as shown on the certified mail return receipt. The Chicago Transit Authority shall pay the contractor for the sums then due for acceptable services performed in accordance with this contract and costs incurred in connection therewith up to the termination date.

K. CARGO PREFERENCE - USE OF UNITED STATES-FLAG VESSELS. The contractor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials or commodities pursuant to this Contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.
2. To furnish within 20 days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (1) above to the Grantee (through the prime contractor in the case of subcontractor bill-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, 400 Seventh Street, S.W., Washington, D.C. 20590, marked with appropriate identification of the Project.

L. THIS CONTRACT DOES NOT INCLUDE PROVISIONS FOR ESCALATION.

M. PATENT RIGHTS

1. Contractors may reserve a revocable, nonexclusive, royalty-free license in each patent application filed in any country or each invention subject to this clause and resulting patent in which the Government acquires title. The license shall extend to the third-party contractor's domestic subsidiaries and affiliates, if any, within the corporate structure of which the third-party contractor is a part and shall include the right to grant sublicenses of the same scope to the extent the third-party contractor was legally obligated to do so at the time the contract was awarded. The license shall be transferable only with approval of UMTA except when transferred to the successor of that part of the third party contractor's business to which the invention pertains.

3. Before modification or revocation of the license, pursuant to paragraph (2) of this clause, UMTA shall furnish the third-party contractor a written notice of its intention to modify or revoke the license, and the third-party contractor shall be allowed 30 days (or such longer period as may be authorized by UMTA for good cause shown in writing by the third-party contractor) after the notice to show cause why the license should not be modified or revoked. The third-party contractor shall have the right to appeal, in accordance with procedures prescribed by UMTA any decision concerning the modification or revocation of his license.

Contractor's failure to so comply shall constitute a material breach of this contract.

BID PROTEST PROCEDURES

SECTION I - AUTHORITY BID PROTEST PROCEDURE

A. The Chicago Transit Authority (CTA/ Authority) will hear and consider a bona fide bid protest regarding its procurement actions. It is anticipated that the majority of protests will be evaluated and finally decided by the Authority. Accordingly, the Authority intends to provide a thorough review of all bona fide bid protests. The Authority's primary concern, however, is the timely procurement of needed capital equipment, supplies or services. It does not intend to allow the filing of bid protests to unnecessarily delay the procurement process, especially if the protest involved is vexatious or frivolous in nature.

Notwithstanding the availability of these protest procedures, any interested party is encouraged to exhaust all methods described in the Contract Documents of resolving a procurement issue before filing a formal protest with the Authority. In its consideration of a bid protest, the Authority reserves the right to give due consideration to the good faith efforts of the protestor to resolve the issue involved through informal methods.

Note. The Federal Transit Administration (FTA) will be notified by the Authority of all formal, written protests, when FTA funds are involved.

B. Definitions For purposes of this section -

1. The term "days" refers to working days of the Authority
2. The term "interested party" means any person (a) who is an actual bidder or prospective bidder in the procurement involved, and (b) whose direct economic interest would be affected by the award of the contract or by a failure to award the contract.

C. Submission of Protests

Any interested party may file a bid protest with the Authority on the basis that the Authority has failed to comply with applicable Federal or State law or with the Authority's Procurement Regulations. The protest must be filed in accordance with the timing requirements set forth in Subsection D of this section, and must include:

1. The name and address of the protestor,
2. The number of the contract solicitation;
3. A statement of the grounds for the protest, and in particular the Federal or State law or Authority Regulation alleged to have been violated. This statement should be accompanied by any supporting documentation the protesting party desires the Authority to consider in making its decision.

Protests should be submitted to: **General Manager, Purchasing**
 Chicago Transit Authority
 P.O. Box 7560
 Chicago, IL 60680-7560

D. Types of Protests and Timing

The requirement for timely filing of a bid protest with the Authority will depend upon the type of protests involved. The Authority will consider the following three types of protests by interested parties:

1. Protests regarding solicitation

Any bid protest regarding the solicitation by the Authority must be filed **no later than five (5) days before the opening of bids.** Any protest filed after that date which raises issues regarding the solicitation will not be considered by the Authority.

This type of protest would include any claim that the bid solicitation contained exclusionary or discriminatory specifications, any challenge to the basis of award, or any claim that the solicitation documents or the solicitation process violated applicable Federal or State law, or Did the Authority failed to follow its Procurement Regulations in the solicitation of bids.

2. Protests regarding bid evaluation

Any bid protest regarding the evaluation of bids by the Authority must be filed with the Authority no later than twenty (20) days after the opening of bids. Any protest filed after such date which raises issues regarding the bid evaluation will not be considered by the Authority.

This type of protest would include any challenge to determinations by the Authority of the responsiveness of a bid or the responsibility of a bidder, or any claim that the evaluation of bids violated Federal or State law or the Authority's Procurement Regulations.

3. Protests Regarding Award of Contract

Any protest regarding the award of the contract must be filed no later than ten (10) days after the date of award. Any protest regarding the award of the contract filed after that date will not be considered by the Authority.

This type of protest will only be entertained by the Authority if the protestor is able to demonstrate that the party awarded the contract fraudulently represented itself as a responsible bidder or that the Authority violated Federal or State law or its Procurement Regulations in the award of the contract.

E. Authority Response

1. Types of Protests

The Authority will notify the protestor upon timely receipt of a bid protest and may, where appropriate, request additional information from the protestor. The Authority may, at its discretion, meet with the protestor to review the matters raised by the protest. The Authority's consideration of the particular types of protests will, except as otherwise provided in Paragraph 2 of this subsection, be in accordance with the following provisions:

a. Protests regarding solicitation

Upon receipt of a timely filed protest regarding the solicitation, the Authority will postpone the opening of bids until resolution of the protest. No additional bids will be accepted during the period of postponement.

If the protest regarding the solicitation involves a claim of unduly restrictive or exclusionary specifications, the Authority will, in evaluating the protest consider both the specific need of the Authority for the feature or item challenged and any effects on competition of including the specification regarding that feature or item. If the Authority determines that such feature or item was included in the specification in order to meet justified and valid transit needs of the Authority, and was not unduly restrictive of competition or designed exclude a particular competitor, then the Authority will have grounds to deny the protest.

b. Protests regarding bid evaluation

Upon receipt of a timely filed protest regarding the evaluation of bids, the Authority will suspend its evaluation of all bids submitted until resolution of the protest if the Authority determines that the protestor has established that there are reasonable doubts regarding the responsiveness of a bid or the responsibility of a bidder or regarding the Authority's compliance with Federal or State law or its Procurement Regulations.

c. Protests after award

Upon receipt of a timely filed protest regarding the award of a contract, the Authority will issue a stop work order, if necessary, until the resolution of the protest if the Authority

determines that the protestor has established a Prima facie case that the contract was awarded fraudulently or in violation of that Federal or State law or the Authority's Procurement Regulations.

2. Decisions by Authority

As indicated above, in most instances the Authority will suspend the procurement process upon receipt of a bona fide bid protest. However, the Authority reserves the right, notwithstanding the pendency of a protest to proceed with the appropriate action in the procurement process or under the contract in the following cases

- a. where the item to be procured is urgently required;
- b. where the Authority determines that the protest was vexatious or frivolous; and
- c. where delivery or performance will be unduly delayed, or other undue harm will occur, by failure to make the award promptly.

After review of a bid protest submitted under this section, the Authority will issue a written decision on the basis of the information provided by the protestor, the results of any meetings with the protestor, and the Authority's own investigation. If the protest is upheld, the Authority will take appropriate action to correct the procurement process and protect the rights of the protestor, including resolicitation of bids, revised evaluation of bids or Authority determinations, or termination of the contract. If the contract is denied, the Authority will lift any suspension imposed and proceed with the procurement process or the contract, as the case may be.

The availability of review of bid protests by FTA is described in Section II. As noted in that section, under FTA's revised procurement guidelines the role of the Federal government in bid protest review is quite limited.

SECTION II - FTA BID PROTEST PROCEDURE

Under FTA Circular 4220.1 D, reviews of protests by FTA will be limited to claims that the CTA failed to have or follow protest procedures, or claims that CTA failed to review a complaint or protest. A protester must exhaust all administrative remedies with the CTA before pursuing a protest with FTA. An appeal to FTA must be received by the cognizant FTA regional or Headquarters Office within five (5) working days of the date the protester knew or should have known of the violation. Violations of Federal law or regulation will be handled by the complaint process stated within that law or regulation. Violations of State or local law or regulations will be under the jurisdiction of State or local authorities.
