A joint venture seeking to be credited for DBE participation may be formed among DBE firms or between a DBE firm and non-DBE firm.  
  
*In order to qualify for credit as a DBE, the DBE must be responsible for a distinct, clearly defined portion of the work and the DBE must share in the capital contribution, control, management, risks and profits of the joint venture commensurate with its ownership interest.*

**The General Manager, DBE Program, may determine on a case-by-case basis that individuals who are not members of one of the above-listed groups are socially and economically disadvantaged.**

### III. JOINT VENTURES

Contractors may develop joint venture agreements. A joint venture seeking to be credited for DBE participation may be formed among DBE firms or between a DBE firm and a non-DBE firm. The General Manager, DBE Program, will evaluate the joint venture agreement submitted on behalf of the proposed joint venture and all related documents to determine whether the DBE requirements have been satisfied. In addition, the General Manager, DBE Program, will consider the record of the joint venturers as joint venturers on other CTA contracts, if any. The decision of the General Manager, DBE Program, regarding eligibility of the joint venture shall be final.

**A joint venture is eligible to receive DBE credit if, and only if, all of the following requirements are satisfied:**

1. the DBE joint venturer(s) share in the 1) ownership, 2) control, 3) management responsibilities, 4) risks and 5) profits of the joint venture in proportion with the DBE ownership percentage; and
2. the DBE joint venturer(s) are responsible for a clearly defined portion of the work to be performed in proportion with the DBE ownership percentage.

NOTE: DBE/non-DBE joint venturers are creditable at any tier. Whenever a joint venture is proposed as the prime contractor, the Authority requires that each joint venturer sign the bid submitted to the Authority.

### IV. COUNTING DBE PARTICIPATION TOWARD THE CONTRACT GOAL

The inclusion of any DBE by the bidder in its bid documents shall not conclusively establish the bidder's eligibility for full DBE credit for the firm's participation in the contract. The amount of DBE participation credit shall be based upon an analysis by the General Manager, DBE Program, of the specific duties, which will be performed by the DBE.

**The bidder may count toward its DBE goal only expenditures to firms which are currently certified with the IL UCP and which perform a commercially useful function.** A firm is considered to perform a commercially useful function when it is responsible for the performance of a distinct element of the work and carries out its responsibilities by actually performing, managing and supervising the work involved.

To determine whether a firm is performing a commercially useful function, the General Manager, DBE Program, will evaluate the amount of work subcontracted, industry practices and other relevant factors. The General Manager, DBE Program, reserves the right to deny or limit DBE credit to the bidder where any

DBE is found to be engaged in substantial pass-through activities with others. DBE participation shall be counted toward the DBE goal in the contract as follows:

- A.** Once a DBE is determined to be eligible in accordance with these rules, the total dollar value of the contract awarded to the DBE may be counted toward the DBE goal except as indicated below.
- B.** A bidder may count toward its DBE goal that portion of the total dollar value of a contract with an eligible joint venture equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces.
- C.** Consistent with normal industry practices, a DBE may enter into subcontracts. If a DBE subcontracts more than thirty percent (30%) or a significantly greater portion of the work of the contract than would be expected on the basis of normal industry practices, the DBE shall be presumed not to be performing a commercially useful function. Evidence may be presented by the bidder involved to rebut this presumption.
- D.** When a DBE subcontracts a part of the work under the contract to another firm, the value of the subcontracted work may only be counted towards the DBE goal if the DBE's subcontractor is itself a DBE. Work that a DBE subcontracts to a non-DBE firm does not count towards the DBE goal.
- E.** The bidder may count one-hundred percent (100%) of its expenditures for materials and supplies required under the contract and which are obtained from a DBE manufacturer towards the DBE goal. The bidder may count sixty percent (60%) of its expenditures for material and supplies under the contract obtained from a DBE regular dealer towards its DBE goal. The terms "manufacturer" and "regular dealer" are defined in 49 C.F.R. Part 26.55(e)(1)(ii) and (2)(ii).
- F.** The bidder may count towards its DBE goal expenditures to DBEs which are not manufacturers or regular dealers, such as fees or commissions charged for services and assistance in the procurement of essential personnel, facilities, equipment, materials or supplies and transportation charges as set forth in 49 C.F.R. Part 26. However, the General Manager, DBE Program, must determine the fee or charge to be reasonable and not excessive as compared with fees or charges customarily allowed for similar services.
- G.** The bidder must use good business judgment when negotiating with subcontractors and take a DBE's price and capabilities into consideration. The fact that there may be some additional costs involved in finding and using DBE firms is not sufficient reason to fail to meet the DBE goal set forth in the contract, as long as such costs are reasonable.

## V. GOOD FAITH EFFORTS

In order to be responsive, a bidder must make good faith efforts to meet the DBE participation goal set forth in the contract. The bidder must document the good faith efforts it made in that regard. Thus, the Bid submitted to the Authority must be accompanied by written documentation prepared by the bidder evidencing all of its sufficient and reasonable good faith efforts toward fulfilling the goal. These efforts must be active steps, and ones, which could reasonably be expected to lead to sufficient DBE participation to meet the contract DBE participation goal. Mere *pro forma* efforts are not acceptable and will be rejected by the General Manager, DBE Program.

Good Faith Efforts require that the bidder consider all qualified DBEs, who express an interest in performing work under the contract. This means that the bidder cannot reject a DBE as unqualified unless the bidder has sound reasons based on a thorough investigation of the DBE's capabilities. Further, the DBE's standing within its industry, membership in specific groups, organizations or associations and political or social affiliation (for example, union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the Contractor's efforts to meet the contract DBE participation goal.

The following list, which is not exclusive or exhaustive, sets forth the types of actions, which indicate good faith efforts on the part of a bidder to meet the DBE goal. The extent and type of actions required will vary depending on such things as industry practice; the time available for submitting a bid and the type of contract involved.

- A. Attendance at a pre-bid meeting, if any, scheduled by the Authority to inform DBEs of subcontracting opportunities under a given solicitation.
- B. Advertisement in general circulation media, trade association publications, and minority-focus media for at least twenty (20) days before bids are due. If 20 days are not available, publication for a shorter reasonable time is acceptable.
- C. Written notification to capable DBEs that their interest in the contract is solicited.
- D. Documentation of efforts to negotiate with DBEs for specific sub-contracts including at a minimum:
  - 1. The names, addresses, and telephone numbers of DBEs that were contacted and the date(s) of contact.
  - 2. A description of the information provided to DBEs regarding the plans and specifications for portions of the work to be performed.

3. A statement explaining why additional agreements with DBEs were not reached.
- E. For each DBE the bidder contacted but rejected as unqualified, the reason for the bidder's conclusion.
- F. Documentation of efforts made to assist the DBEs contacted that needed assistance in obtaining bonding or insurance required by the bidder or the Authority.
- G. Documentation of efforts to utilize the services of small business organizations, community and contractor groups to locate qualified DBEs.
- H. Documentation that the bidder has broken out contract work items into economically feasible units in fields where there are available DBE firms to perform the work.
- I. Evidence that adequate information was provided to interested DBEs about the plans, specifications and requirements of the contract, and that such information was communicated in a timely manner.
- J. Documentation of any efforts made to assist interested DBEs in obtaining necessary equipment, supplies, materials or related assistance or services.
- K. Documentation of use of DBEs on other contracts with the Authority.

## **VI. PROCEDURE TO DETERMINE BID COMPLIANCE**

The bidder **MUST** complete and sign Schedules B and D to the Contract documents and must sign Schedule C. Schedule C **MUST** be completed and signed by the DBE subcontractor(s). The Schedules **MUST** be submitted at the same time as or prior to *submittal of the sealed bid*, and any documentation evidencing the bidder's good faith efforts to meet the contract DBE goal must also be submitted with the bid or the bid will be deemed non-responsive. Furthermore, any bids submitted without completed and executed Schedules (including placing the term "N/A" or similar on the Schedules when there is no DBE participation submitted with the bid), will be deemed non-responsive and will be rejected by the Authority.

### **A. Letters of Certification**

1. A copy of each proposed DBE firm's current Letter of Certification or Re-certification from the IL UCP must be submitted with the bid. **ALL CERTIFICATIONS BY THE IL UCP MUST BE PRE-CERTIFICATIONS.** This means that the DBE's certification must be issued by the IL UCP before the due date for bids.

2. All Letters of Certification or Re-certification issued by the IL UCP include a statement of the DBE firm's area of specialization (see Section IV. COUNTING DBE PARTICIPATION TOWARD THE CONTRACT GOAL). The DBE firm's scope of work set forth on Schedule C must conform to its stated area of specialization. Where a DBE is proposed to perform work not covered by its area of specialization, the DBE firm must request an expansion of its area of specialization from its certifying agency in writing prior to the time set by the Authority for bid opening. Further, the DBE's request must be agreed to by the General Manager, DBE Program, and the DBE firm must be certified prior to the **DUE DATE OF BIDS**.

#### **B. Joint Ventures**

1. Where the bidder proposes to include in its bid a DBE, which is a joint venturer, the bidder must submit a fully executed copy of the joint venture agreement as well as a completed Schedule B with its bid. The joint venture agreement must show that the DBE firm will be responsible for a clearly defined portion of the work to be performed, and that the DBE firm's capital contribution, control, management, risks and profits are commensurate with its ownership interest.
2. Further, the proposed joint venture agreement shall include specific details related to: 1) contributions of capital and equipment; 2) work items to be performed by the DBE's own forces; 3) work items to be performed under the supervision of the DBE; 4) the DBE management, supervisory and operating personnel to be dedicated to the performance of the project; and 5) the authority of each joint venturer to contractually obligate the joint venture and to expend funds. Failure to submit a copy of the joint venture agreement will cause the firm to be considered by the Authority to be non-responsible.

#### **VII. REPORTING REQUIREMENTS DURING THE TERM OF THE CONTRACT**

- A. The bidder shall, within five (5) calendar days of contract award, or prior to any work being performed by the DBE subcontractor, execute written subcontracts or purchase orders with the DBE subcontractors included in the bid. In the event the bidder cannot complete the agreement with one or more DBE subcontractors within this five day period, the bidder must provide a written explanation for the delay and an estimated date by which the written agreement will be completed to the General Manager, DBE Program. These written agreements shall be made available to the General Manager, DBE Program, upon request. All contracts between the bidder and its subcontractors must contain a prompt payment clause as required by the Local Government Prompt Payment Act , 50 ILCS 505/9. (See

section IX.C. hereof.)

- B. During the term of annual contracts, the bidder shall submit regular "Status Reports of DBE Subcontract Payments" in a form acceptable to the Authority. The frequency with which these reports are to be submitted will be determined by the General Manager, DBE Program, but in no event will reports be required less frequently than quarterly. **In the absence of written notice from the General Manager, DBE Program, the bidder's first "Status Report of DBE Subcontract Payments" will be due ninety (90) days after the date of contract award, with additional reports due quarterly thereafter.**
- C. In the case of a one-time procurement with either a single or multiple deliveries, a "Status Report of DBE Subcontract Payments," in a form acceptable to the Authority, indicating final DBE payments shall be submitted directly to the General Manager, DBE Program. This status report must be submitted prior to or at the same time as the bidder submits its final invoice to the Authority user department identified in the solicitation. (NOTICE: The original invoices must be submitted directly to the Authority department identified in the contract documents and the Status Report of DBE Subcontract Payments must be submitted directly to the General Manager, DBE Program.) **Failure to follow these directions may delay final payment.**
- D. The address for the General Manager, DBE Program, is: CTA General Manager, DBE/EEO Programs/Contract Compliance Department, 567 W. Lake Street, P.O. Box 7562, Chicago, IL 60680-7562.

#### VIII. DBE SUBSTITUTIONS

- A. Arbitrary changes by the bidder of the commitments previously indicated in **Schedule D** are prohibited. No changes may be made by the bidder to the DBE firms listed on Schedule D after the opening of bids but prior to contract award. However, in the event the Purchasing Agent, after consulting with the DBE Department, determines that a critical DBE subcontractor is non-responsible, the Authority may require that bidder replace the non-responsible DBE subcontractor prior to contract award. In that event, bidder must replace the non-responsible DBE subcontractor with a responsible, certified DBE subcontractor or show adequate good faith efforts as set forth Section V hereof, must submit all information required in subsection C.5 hereof, and must receive the prior written approval of the General Manager, DBE Program for such substitution.
- B. Further, after entering into each approved DBE subcontract, the Contractor shall neither terminate the subcontract for convenience, nor reduce the scope of the work to be performed by the DBE, nor decrease the price to the DBE, without receiving prior written approval of the General Manager, DBE Program. Such approval is required even if the DBE agrees with the change to the DBE's contract desired by the Contractor.

- C. It may become necessary, at times, to substitute a new subcontractor in order to complete the contract work. The substitution procedure to be followed is:
1. The Contractor must immediately notify the General Manager, DBE Program, in writing, of the proposed substitution of subcontractor. The Contractor's notification must include the specific reasons it intends to reduce the scope of or terminate a DBE subcontract; adequate documentation to support the Contractor's proposed action; and a proposed substitute firm to complete the DBE's portion of work.
  2. The following is a non-exclusive list of the types of reasons, which justify substitution: the DBE was found not to be able to perform, or not to be able to perform on time; the DBE's work product was not acceptable; the DBE demands an unreasonable escalation of its price.
  3. The following is a non-exclusive list of the types of reasons which do not justify substitution: a replacement firm has been recruited by the Contractor to perform the same work under more advantageous terms; performance issues by the DBE were disputed and every reasonable effort to have the dispute resolved or mediated has not been taken; the DBE has requested a reasonable price escalation which may be justified due to unforeseen circumstances (e.g., a change in scope of DBE's work).
  4. If the subcontractor to be substituted for the DBE is not a DBE, the Contractor must show adequate good faith efforts as set forth in Section V hereof.
  5. The Contractor's request for approval of a substitution must include the name, address, and principal official of the proposed substitute subcontractor and the dollar value and scope of work of the proposed subcontract. If the new subcontractor is a DBE, all DBE affidavits and documents required by Schedule C shall be attached.
  6. The Authority will evaluate the submitted documentation and respond within fifteen (15) calendar days to the request for approval of a substitution. The Authority's response may approve the request, seek more information, and request an interview to clarify the problem or reject the proposed DBE substitution, with the reasons for the rejection stated in the Authority's response. In the case of an expressed emergency need to receive the necessary decision for the sake of job progress, the Authority will respond as soon as practicable.
  7. Actual substitution by the Contractor may not be made prior to the Authority's approval. Once notified of the Authority's approval, the substitute subcontract must be executed within five (5) calendar days, and

a copy submitted to the General Manager, DBE Program.

- D. The Authority will not approve extra payment for escalated costs incurred by the Contractor when a substitution of subcontractors becomes necessary in order to comply with the DBE requirements of the contract.

#### IX. NON-COMPLIANCE

- A. Failure to comply with the DBE requirements of the contract or failure to use DBEs as stated in the bid constitutes a material breach of contract. The General Manager, DBE Program, shall have the discretion to recommend to the Authority's Purchasing Agent that the Purchasing Agent apply suitable sanctions to the Contractor if the Contractor is found to be in non-compliance with the DBE requirements. Such sanctions include, but are not limited to, withholding payment to the Contractor until corrective action is taken; suspension and/or termination of the contract, in whole or in part; and debaring or suspending the Contractor from entering into future contracts with the Authority.

- B. The failure by the Contractor to use a DBE subcontractor to the extent the Contractor committed to use said DBE gives the underutilized DBE subcontractor specific contract remedies, including the right to damages, the right to resolve the dispute by binding arbitration before an independent arbitrator and the right to recover its reasonable expenses, including attorneys' fees, if the DBE is the prevailing party, as follows:

1. Damages. In the event the Contractor has not complied with the contractual DBE percentage and the change to the contractual DBE usage has not been approved by the Authority, an affected DBE may recover from the Contractor damages suffered by said DBE as a result of being underutilized. This provision is intended for the benefit of any DBE affected by underutilization and grants such entity third party beneficiary rights. Any rights conferred by this provision are non-waivable and take precedence over any conflicting provisions in the agreement between the Contractor and the DBE.
2. Arbitration procedures. If requested by the DBE, the DBE shall have the right to initiate binding arbitration of any dispute concerning damages suffered as a result of being underutilized. A DBE desiring to arbitrate must notify the Contractor in writing to initiate the arbitration process. Unless the affected parties agree to a different schedule in writing, within ten (10) days of receipt by the Contractor of the intent to arbitrate from the DBE, the above-described disputes must be arbitrated in accordance with the Commercial Arbitration Rules of the American Arbitration Association ("AAA"), a not-for-profit agency, with an office at 225 North Michigan Avenue, Suite 2527, Chicago, Illinois 60601-7601. All such

arbitrations must be initiated by the DBE filing a demand for arbitration with the AAA; must be conducted by the AAA; and must be held in Chicago, Illinois.

3. Fees. All fees of the arbitrator are the initial responsibility of the DBE; provided, however, that the arbitrator is authorized to award reasonable expenses, including attorneys' and arbitrator fees, as damages to a prevailing DBE.
  4. Entry of judgment. Judgment upon the award rendered by the arbitrator may be entered in any court of competent jurisdiction.
- C. If the Contractor does not pay any subcontractor or material supplier listed on a pay request, or if a subcontractor or material supplier does not pay any lower tier subcontractor or supplier, within the 15 day time limit set forth in the Local Government Prompt Payment Act, 50 ILCS 5055/9 ("Prompt Payment Act"), the Contractor must pay the subcontractor/material supplier an additional amount for interest at the rate of two percent (2%) per month (or, the amount provided in the Prompt Payment Act, as amended) on the outstanding balance, for each month, prorated per diem for any partial month, that the Contractor fails or refuses to pay the subcontractor/supplier. Provided that, in the event the Contractor receives less than full payment from the Authority and/or the Contractor has rejected the subcontractor/supplier's work or materials, the Contractor's obligations to make payment are limited by the provisions of the Prompt Payment Act. All agreements between the Contractor and its subcontractors/supplier and with lower tier subcontractors/suppliers must provide for payment and interest as set forth herein.
- D. The Contractor agrees to include the following assurance in all of its subcontracts: "The Contractor and subcontractor shall comply with the requirements of the Illinois Human Rights Act (775 ILCS 5/1-100, et seq.) and the Illinois Public Works Employment Discrimination Act (775 ILCS 5/10/0.01, et seq) and shall refrain from unlawful discrimination under Illinois law in the performance of this contract. The failure by the Contractor to carry out these requirements is a material breach of this contract, which may result in the termination of this contract or such other remedy as the Authority deems appropriate."

## X. RECORD KEEPING

The Contractor shall maintain records of all relevant data with respect to the utilization of DBEs and shall retain these records for a period of at least three (3) years after final acceptance of the work. Full access to said records shall be granted to the Authority and its Inspector General, its Federal and/or State funding agencies, the U.S. Department of Justice, the USDOT and any duly authorized representatives thereof. In addition, the Contractor shall, at all times, cooperate with the Authority's Inspector General.

The Bidder must also create a bidders list, consisting of information about all subcontractors that submitted a bid or a quote. The bidders list must include the name, address, DBE/non-DBE status, age of firm and the appropriate range of annual gross receipts. The form for the bidders list suggested by the Authority can be found in the DBE forms section of the IFB documents. Failure to submit this information will result in the firm being deemed non-responsible for the contract.

#### **XI. MINORITY FINANCIAL INSTITUTIONS**

The bidder is encouraged to utilize financial institutions owned and controlled by socially and economically disadvantaged individuals. Use of such institutions may be considered by the Authority as evidence of bidder's willingness to do business with DBEs. Information about such institutions is available in the Authority's DBE Program Directory, which is available on-line at [www.transitchicago.com](http://www.transitchicago.com) and a hard copy is available at the Authority's DBE Program Office, 567 W. Lake Street, 4<sup>th</sup> floor, Chicago, Illinois 60661-1498.

## STANDARD GOVERNMENT REQUIREMENTS FOR MATERIAL AND EQUIPMENT PURCHASES

This contract is subject to financial assistance contracts between the U.S. Department of Transportation (DOT), Urban Mass Transportation Administration (UMTA), the State of Illinois Department of Transportation (IDOT), Division of Public Transportation (DPT), and the Chicago Transit Authority (CTA).

The following clauses shall be included as part of the specification for the proposed contract and for each of its related subcontracts.

- A. CONTRACT CHANGES.** "Any proposed change in this contract shall be submitted to the Chicago Transit Authority for its prior written approval."
- B. INTEREST OF MEMBERS OF CONGRESS.** No members of, or delegate to, the Illinois General Assembly or the Congress of the United States shall be admitted to any share or part of this contract or to any benefit arising therefrom.
- C. PROHIBITED INTERESTS.** "No member, or officer, or employee of Chicago Transit Authority or a local public body with financial interest or control in this contract during his tenure or for one year thereafter shall have any interest, direct or indirect, in this contract or the proceeds thereof."
- D. INELIGIBLE CONTRACTORS.** Contractors are required to certify that they ARE NOT included on the U.S. Comptroller General's Consolidated List of persons or firms currently debarred for violations of various Public Contracts incorporating labor standards provisions.
- E. NONDISCRIMINATION.** "In connection with the execution of this contract, the contractor shall not discriminate against any employee or applicant for employment because of race, religion, color, sex, national origin, ancestry or handicap. The contractor shall take affirmative actions to insure that applicants are employed and that employees are treated during their employment, without regard to their race, religion, color, sex, national origin, ancestry or handicap. Such actions shall include, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection of training, including apprenticeship."
- F. ILLINOIS HUMAN RIGHTS ACT - Equal Employment Opportunity.** During the performance of this contract, the contractor agrees as follows:
1. That it will not discriminate against any employee or applicant for employment because of race, color, religion, sex, marital status, national origin or ancestry, age, physical or mental handicap unrelated to ability, or an unfavorable discharge from military service; and further that it will examine all job classifications to determine if minority persons or women are underutilized and will take appropriate affirmative action to rectify any such underutilization.
  2. That it will submit reports as required by the Department's Rules and Regulations, furnish all relevant information as may from time to time be requested by the Department or the contracting agency, and in all respects comply with the Illinois Human Rights Act and the Department's Rules and Regulations.
  3. That it will permit access to all relevant books, records, accounts and work sites by personnel of the contracting agency and the Department for purposes of investigation to ascertain compliance with the Illinois Human Rights Act and the Department's Rules and Regulations.
  4. That it will include verbatim or by reference the provisions of this clause in every subcontract it awards under which any portion of the contract obligations are undertaken or assumed, so that such provisions will be binding upon such subcontractor. In the same manner as with other provisions of this contract, the contractor will be liable for compliance with applicable provisions of this clause by such subcontractors; and further it will promptly notify the contracting agency and the Department in the event any subcontractor fails or refuses to comply therewith. In addition, the contractor will not utilize any subcontractor declared by the Illinois Human Rights Commission to be ineligible for contracts or subcontracts with the State of Illinois or any of its political subdivisions or municipal corporations."
- G. ENVIRONMENTAL AND ENERGY PROTECTION AND CONSERVATION REQUIREMENTS.** All facilities and equipment will meet the criteria for air and water pollution control and energy conservation as follows:
- "All facilities and equipment acquired, constructed, reconstructed, or improved using UMTA and DPT grant funds, shall be designed and equipped to prevent or control air and water pollution in accordance with criteria issued by the Department of Health, Education and Welfare. However, in those locations where State or local air and water pollution regulations are in force, the more restrictive criteria shall govern."
- All contractors and suppliers must submit evidence to CTA that the governing air and water pollution criteria will be met. This evidence and related documents will be retained by the sponsor for on site examination by UMTA and DPT representatives."
- "All contractors and suppliers shall recognize mandatory standards and policies relating to energy efficiency which are contained in the State energy conservation plan issued in compliance with the Energy Policy and Conservation Act (42 U.S.C. § 6321 et seq.)."

## H. DISADVANTAGED BUSINESS ENTERPRISE

AUTHORITY: Department of Transportation Regulations 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA).

1. **Policy:** It is the policy of the Department of Transportation that Disadvantaged Business Enterprises (DBE) as defined in DOT Regulations 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA), shall have the maximum opportunity to participate in the performance of contracts financed in whole or in part with federal funds under this contract. Consequently, the DBE requirements of 49 CFR, Part 23 and Section 106(c) of STURAA apply to this contract.
2. **DBE Obligation:** Bidders agree to ensure that Disadvantaged Business Enterprises as defined in 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA), have the maximum practicable opportunity to participate in the performance of contract and subcontract activities financed in whole or in part with federal funds provided under this agreement. Bidders shall take all necessary and reasonable steps in accordance with the above authority to ensure that Disadvantaged Business Enterprises have the maximum practicable opportunity to compete for and perform as subcontractors. Prime contractors shall not discriminate on the basis of race, color, national origin or sex in the award and performance of DOT assisted contracts.

**“Disadvantaged Business”** means a small business concern:

- (a) Which is at least 51 percent owned by one or more socially and economically disadvantaged individuals, or, in the case of any publicly owned business, at least 51 percent of the stock of which is owned by one or more socially and economically disadvantaged individuals; and
- (b) whose management and daily business operations are controlled by one or more of the socially and economically disadvantaged individuals who own it.

**“The Small Business Act”** defines small for the purpose of Government procurement as a concern, including its affiliates, which is independently owned and operated, is not dominant in the field of operation in which it is bidding on Government contracts and can further qualify under the criteria set forth in Section 13 CFR, Part 121, 3-8.

**“Socially and Economically Disadvantaged Individuals”** means those individuals who are citizens of the United States (or lawfully admitted permanent residents) and who are Black Americans; Hispanic Americans, Native Americans, Asian-Pacific Americans, or Asian-Indian Americans including women regardless of their ethnic origin or race and any other minorities or individuals found to be disadvantaged by the Small Business Administration pursuant to Section 8(a) of the Small Business Act.

3. In connection with the performance of this contract, the prime contractor will cooperate with CTA in meeting its commitments and goals with regard to maximum utilization of Disadvantaged Business Enterprise (DBE) and will insure that disadvantaged business enterprises shall have the maximum practicable opportunity to compete for sub-contract work under this agreement contract.
4. **Goals:** The Disadvantaged Business Enterprise (DBE) goal established for this contract is contained in the Proposal section of this document. Failure to fully comply with the DBE goal may result in your bid being rejected in its entirety. Also, included is the DBE Participation Statement, Form 715.18, which must be completed, executed and submitted to CTA along with your bid. Bidders who fail to meet the DBE goal and fail to demonstrate their good faith efforts to meet the goal in accordance with the guidelines contained in the section entitled **“Grant of Relief For Bidders: Waiver of DBE Goals”** may not be eligible to be awarded the contract.

In the event the prime contractor chooses to alter this list after contract award, the prime contractor must be able to demonstrate that the named DBE subcontractor is unable to perform because of default or overextension on other projects or provide other similar justification for CTA's approval. It is not intended that a prime contractor's ability to negotiate a more advantageous contract with another subcontractor be considered valid basis for change.

Substitution of a named DBE subcontractor by the prime bidder/contractor both before and/or after award of contract, requires the replacement be a DBE subcontractor and must be approved by CTA. CTA, solely, will determine the acceptance or rejection of any justification for substitution of any named DBE subcontractor by the bidder/prime contractor.

Agreements between a bidder and a DBE in which the DBE promises **not** to provide subcontracting quotations to other bidders are prohibited.

### 5. GRANT OF RELIEF FOR BIDDERS: WAIVER OF DBE GOALS

- A. If bidder or proposer find it impossible to fully meet the DBE goal of this contract, the bid or proposal **must** include a signed petition for grant of relief from this requirement on bidder or proposer's letterhead, accompanied by documentation showing that all reasonable “good faith” efforts were made toward fulfilling the goal.
- B. The bidder or proposer requesting a waiver or variance of the DBE goal should generally demonstrate the following in its petition:
  - 1) Evidence of direct negotiations with DBE firms including, at a minimum:
    - a) the names, addresses and telephone numbers of DBE firms contacted;
    - b) a description of the information provided to the DBE firms regarding potential work to be performed; and
    - c) a statement indicating why negotiations failed to result in any agreement;
  - 2) A detailed statement of efforts made to identify and select portions of direct contract work to be performed by DBE firms;

- 3) A detailed statement of the efforts made to identify opportunities for DBE firms to perform work for the bidder/proposer where such DBE contracting would not be directly related to the performance of this contract;
  - 4) Evidence of the bidder/proposer's general affirmative action policies regarding the utilization of DBE firms, including an exposition of methods used to carry out these policies; and
  - 5) Evidence of the bidder/proposer's past performance with regard to the participation of DBE firms in Chicago Transit Authority contracts and in proportion with the bidder/proposer's overall expenditures for goods and services.
- C. If the bidder/proposer does not meet the DBE goal, price alone shall not be an acceptable basis for which the bidder may reject the DBE subbid unless the bidder/proposer can show to the satisfaction of CTA that no reasonable price can be obtained from a DBE. A determination of reasonable price is based on such factors as CTA's estimate for the specific subcontracts, and the average of the bona fide prices quoted for the specific subcontract. A DBE bid for subcontract will be presumed to be unreasonable if the DBE's price exceeds the average price quoted by more than fifteen (15) percent.

**6. Bidders that fail to meet DBE goal and fail to demonstrate sufficient reasonable efforts shall not be eligible to be awarded the contract.**

7. To insure that all obligations under contracts awarded to DBE's are met, CTA shall review the prime contractor's DBE involvement efforts during the performance of the contract. The prime contractor shall bring to the attention of CTA any situation in which regularly scheduled progress payments are not made to DBE subcontractors.
8. Should the prime contractor fail to meet the DBE goals, he must submit to CTA justification for this failure and provide the information contained in DOT Regulation 49 CFR, Part 23 and Section 106 (C) of the Surface Transportation and Uniform Relocation Assistance Act of 1987 (STURAA). CTA, solely, will determine the acceptance or rejection of any justification for failure to meet established goals. Guidelines for such justification are contained in item #5 above.
9. The contractor is bound by the above specified regulations whether it is mentioned in its entirety or by reference in the above.

**I. SPECIFIC MATERIALS AND/OR SPECIFIC EQUIPMENT.** Wherever in these Specifications an article, equipment or material is defined by describing a proprietary product or by using the name of a manufacturer or vendor or trade name including catalogue numbers and/or part numbers and/or drawing numbers, the term "or equal" if not inserted shall be implied. The specific article, equipment or material mentioned shall be understood as establishing the type, function and minimum standard of design, efficiency, quality and performance desired and shall not be construed in such a manner as to exclude manufacturer's products or comparable design, efficiency, quality and performance. CTA Engineers shall decide whether or not the article, equipment or material proposed by the bidder or contractor is equal to that specified in the Specification.

**J. TERMINATION OF CONTRACT.** Chicago Transit Authority reserves the right to terminate this contract at any time after date of contract, with or without cause, by giving the contractor, in writing, a notice of termination. The notice shall be mailed certified to the contractor at his business address, and the effective date of termination shall be the date of receipt of the notice as shown on the certified mail return receipt. The Chicago Transit Authority shall pay the contractor for the sums then due for acceptable services performed in accordance with this contract and costs incurred in connection therewith up to the termination date.

**K. CARGO PREFERENCE - USE OF UNITED STATES-FLAG VESSELS.** The contractor agrees:

1. To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, materials or commodities pursuant to this Contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.
2. To furnish within 20 days following the date of loading for shipments originating within the United States, or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, "on-board" commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (1) above to the Grantee (through the prime contractor in the case of subcontractor bill-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, 400 Seventh Street, S.W., Washington, D.C. 20590, marked with appropriate identification of the Project.

**L. THIS CONTRACT DOES NOT INCLUDE PROVISIONS FOR ESCALATION.**

**M. PATENT RIGHTS**

1. Contractors may reserve a revocable, nonexclusive, royalty-free license in each patent application filed in any country or each invention subject to this clause and resulting patent in which the Government acquires title. The license shall extend to the third-party contractor's domestic subsidiaries and affiliates, if any, within the corporate structure of which the third-party contractor is a part and shall include the right to grant sublicenses of the same scope to the extent the third-party contractor was legally obligated to do so at the time the contract was awarded. The license shall be transferable only with approval of UMTA except when transferred to the successor of that part of the third party contractor's business to which the invention pertains.

## M. PATENT RIGHTS

Contractors may reserve a revocable, nonexclusive, royalty-free license in each patent application filed in any country or each invention subject to this clause and resulting patent in which the Government acquires title. The license shall extend to the third-party contractor's domestic subsidiaries and affiliates, if any, within the corporate structure of which the third-party contractor is a part and shall include the right to grant sublicenses of the same scope to the extent the third-party contractor was legally obligated to do so at the time the contract was awarded. This license shall not be revoked in that field of use and/or the geographical areas in which the third-party contractor has brought the invention to the point of practical application and continues to make the benefits of the invention reasonably accessible to the public. The third-party contractor's nonexclusive license in any foreign country reserved pursuant to paragraph (1) of this clause may be revoked or modified at the discretion of UMTA to the extent the third-party contractor or his domestic subsidiaries or affiliates have failed to achieve the practical application of the invention in that foreign country.
3. Before modification or revocation of the license, pursuant to paragraph (2) of this clause, UMTA shall furnish the third-party contractor a written notice of its intention to modify or revoke the license, and the third-party contractor shall be allowed 30 days (or such longer period as may be authorized by UMTA for good cause shown in writing by the third-party contractor) after the notice to show cause why the license should not be modified or revoked. The third-party contractor shall have the right to appeal, in accordance with procedures prescribed by UMTA any decision concerning the modification or revocation of his license.

**U.S. DEPARTMENT OF TRANSPORTATION

## BID PROTEST PROCEDURES

### SECTION I -AUTHORITY BID PROTEST PROCEDURE

A. The Chicago Transit Authority (CTA/ Authority) will hear and consider a bona fide bid protest regarding its procurement actions. It is anticipated that the majority of protests will be evaluated and finally decided by the Authority. Accordingly, the Authority intends to provide a thorough review of all bona fide bid protests. The Authority's primary concern, however, is the timely procurement of needed capital equipment, supplies or services. It does not intend to allow the filing of bid protests to unnecessarily delay the procurement process, especially if the protest involved is vexatious or frivolous in nature.

Notwithstanding the availability of these protest procedures, any interested party is encouraged to exhaust all methods described in the Contract Documents of resolving a procurement issue before filing a formal protest with the Authority. In its consideration of a bid protest, the Authority reserves the right to give due consideration to the good faith efforts of the protestor to resolve the issue involved through informal methods.

**Note. The Federal Transit Administration (FTA) will be notified by the Authority of all formal, written protests, when FTA funds are involved.**

**B. Definitions** For purposes of this section -

1. The term "days" refers to working days of the Authority
2. The term "interested party" means any person (a) who is an actual bidder or prospective bidder in the procurement involved, and (b) whose direct economic interest would be affected by the award of the contract or by a failure to award the contract.

#### **C. Submission of Protests**

Any interested party may file a bid protest with the Authority on the basis that the Authority has failed to comply with applicable Federal or State law or with the Authority's Procurement Regulations. The protest must be filed in accordance with the timing requirements set forth in Subsection D of this section, and must include:

1. The name and address of the protestor,
2. The number of the contract solicitation;
3. A statement of the grounds for the protest, and in particular the Federal or State law or Authority Regulation alleged to have been violated. This statement should be accompanied by any supporting documentation the protesting party desires the Authority to consider in making its decision.

**Protests should be submitted to:**      **General Manager, Purchasing  
Chicago Transit Authority  
P.O. Box 7560  
Chicago, IL 60680-7560**

#### **D. Types of Protests and Timing**

The requirement for timely filing of a bid protest with the Authority will depend upon the type of protests involved. The Authority will consider the following three types of protests by interested parties:

##### **1. Protests regarding solicitation**

Any bid protest regarding the solicitation by the Authority must be filed **no later than five (5) days before the opening of bids**. Any protest filed after that date which raises issues regarding the solicitation will not be considered by the Authority.

This type of protest would include any claim that the bid solicitation contained exclusionary or discriminatory specifications, any challenge to the basis of award, or any claim that the solicitation documents or the solicitation process violated applicable Federal or State law, or Did the Authority failed to follow its Procurement Regulations in the solicitation of bids.

## **2. Protests regarding bid evaluation**

Any bid protest regarding the evaluation of bids by the Authority must be filed with the Authority no later than twenty (20) days after the opening of bids. Any protest filed after such date which raises issues regarding the bid evaluation will not be considered by the Authority.

This type of protest would include any challenge to determinations by the Authority of the responsiveness of a bid or the responsibility of a bidder, or any claim that the evaluation of bids violated Federal or State law or the Authority's Procurement Regulations.

## **3. Protests Regarding Award of Contract**

Any protest regarding the award of the contract must be filed no later than ten (10) days after the date of award. Any protest regarding the award of the contract filed after that date will not be considered by the Authority.

This type of protest will only be entertained by the Authority if the protestor is able to demonstrate that the party awarded the contract fraudulently represented itself as a responsible bidder or that the Authority violated Federal or State law or its Procurement Regulations in the award of the contract.

## **E. Authority Response**

### **1. Types of Protests**

The Authority will notify the protestor upon timely receipt of a bid protest and may, where appropriate, request additional information from the protestor. The Authority may, at its discretion, meet with the protestor to review the matters raised by the protest. The Authority's consideration of the particular types of protests will, except as otherwise provided in Paragraph 2 of this subsection, be in accordance with the following provisions:

#### **a. Protests regarding solicitation**

Upon receipt of a timely filed protest regarding the solicitation, the Authority will postpone the opening of bids until resolution of the protest. No additional bids will be accepted during the period of postponement.

If the protest regarding the solicitation involves a claim of unduly restrictive or exclusionary specifications, the Authority will, in evaluating the protest consider both the specific need of the Authority for the feature or item challenged and any effects on competition of including the specification regarding that feature or item. If the Authority determines that such feature or item was included in the specification in order to meet justified and valid transit needs of the Authority, and was not unduly restrictive of competition or designed to exclude a particular competitor, then the Authority will have grounds to deny the protest.

#### **b. Protests regarding bid evaluation**

Upon receipt of a timely filed protest regarding the evaluation of bids, the Authority will suspend its evaluation of all bids submitted until resolution of the protest if the Authority determines that the protestor has established that there are reasonable doubts regarding the responsiveness of a bid or the responsibility of a bidder or regarding the Authority's compliance with Federal or State law or its Procurement Regulations.

#### **c. Protests after award**

upon receipt of a timely filed protest regarding the award of a contract, the Authority will issue a stop work order, if necessary, until the resolution of the protest if the Authority determines that the protestor has established a Prima facie case that the contract was awarded fraudulently or in violation of that Federal or State law or the Authority's Procurement Regulations.

## 2. Decisions by Authority

As indicated above, in most instances the Authority will suspend the procurement process upon receipt of a bona fide bid protest. However, the Authority reserves the right, notwithstanding the pendency of a protest to proceed with the appropriate action in the procurement process or under the contract in the following cases

- a. where the item to be procured is urgently required;
- b. where the Authority determines that the protest was vexatious or frivolous; and
- c. where delivery or performance will be unduly delayed, or other undue harm will occur, by failure to make the award promptly.

After review of a bid protest submitted under this section, the Authority will issue a written decision on the basis of the information provided by the protestor, the results of any meetings with the protestor, and the Authority's own investigation. If the protest is upheld, the Authority will take appropriate action to correct the procurement process and protect the rights of the protestor, including resolicitation of bids, revised evaluation of bids or Authority determinations, or termination of the contract. If the contract is denied, the Authority will lift any suspension imposed and proceed with the procurement process or the contract, as the case may be.

The availability of review of bid protests by FTA is described in Section II. As noted in that section, under FTA's revised procurement guidelines the role of the Federal government in bid protest review is quite limited.

## SECTION II - FTA BID PROTEST PROCEDURE

**Under FTA Circular 4220.1 D, reviews of protests by FTA will be limited to claims that the CTA failed to have or follow protest procedures, or claims that CTA failed to review a complaint or protest. A protestor must exhaust all administrative remedies with the CTA before pursuing a protest with FTA. An appeal to FTA must be received by the cognizant FTA regional or Headquarters Office within five (5) working days of the date the protestor knew or should have known of the violation. Violations of Federal law or regulation will be handled by the complaint process stated within that law or regulation. Violations of State or local law or regulations will be under the jurisdiction of State or local authorities.**
