## IMPORTANT ENROLLMENT INFORMATION

Please read this Health Enrollment Plan booklet carefully. The only way to make your plan selections for the 2024 plan year is by using Self-Service from any CTA work location or by using the Internet from your personal computer (see instructions on pages 4 & 5 of this brochure).

#### UNLESS YOU CHOOSE TO MAKE CHANGES YOUR CURRENT COVERAGE WILL CONTINUE FOR 2024. <u>YOU MUST MAKE AN ANNUAL</u> ELECTION TO ENROLL IN HEALTHCARE FSA.

The changes you make during this open enrollment period will become effective January 1, 2024 and will remain in effect through December 31, 2024.

Outside of open enrollment, you have 31 days from an eligible change in family status (new marriage, new civil union, new birth, adoption, divorce or involuntary loss of alternate coverage) to enroll eligible dependents in your CTA medical plans.

EAP – The Employee Assistance Program offers confidential and free resources on a wide range of issues and services such as childcare, eldercare, legal matters, identity theft and more. Plus, all employees and anyone living in their household can engage in 6 Free Counseling Sessions per year, per issue, to address grief, family matters, stress, depression or other behavioral health concerns. Contact EAP at 888.371.1125.

These are only highlights of CTA's benefit plans. For complete descriptions of covered services, see the plan descriptions/insurance certificates of coverage on the CTA Benefits website. If there are any differences between these highlights and the plan descriptions/ insurance certificates, the information in the plan descriptions/insurance certificates takes precedence.

## **Open Enrollment for 2024**

During the period of October 30 through November 17, 2023, the Chicago Transit Authority (CTA) will conduct open enrollment for health plans. Open enrollment is the only time of the year an employee can do the following, unless there is an eligible change in family status:

- make changes to medical plan
- enroll eligible dependents
- waive your currently selected plans
- enroll in vision plan for employees and dependents (see page 11)
- enroll in healthcare FSA

### **Overview Of Benefit Plans**

- New Employee Contributions (see page 1)
- Preventive Care covered at 100% (in-network), (covered out-of-network subject to out-of-network deductible/co-insurance)
- Plan Deductibles
- Annual Out-Of-Pocket Maximums
- Prescription Drug Co-Payments
- Emergency Room Co-Payment
- Wellness Coaches available through Lifestyle Management Program
- Inpatient and Outpatient mental health services
- For High Cost Services a pre-estimation is recommended

### Healthcare Flexible Spending Account

If you wish to participate in the Healthcare Flexible Spending Account (FSA) program, you must enroll **EVERY** year during Open Enrollment. A FSA account allows you to set aside pretax dollars to pay for eligible medical expenses. Visit transitchicago.com/hrbenefits for more information.

### **Marketplace Exchange**

There may be other coverage options for you and your family. You can buy coverage through the Health Insurance Marketplace and you can obtain information about it at **www.healthcare.gov**.

### **Adding/Deleting Dependents**

- **Two CTA employees cannot cover each other on their benefits. Each must carry their own separate coverage** (This applies to ALL CTA benefits).
- You must enter the eligible dependent information in self-service.
  - to add or delete a spouse, same sex domestic partner, civil union partner or eligible dependent(s)
- You must submit certified documentation for each person not currently enrolled in your plan as required by the plan including:
  - Marriage certificate
  - Civil Union certificate
  - Birth certificate Birth certificate (must list employee, eligible spouse, civil union or domestic partner)
  - Adoption papers (custody and guardianship not accepted)
  - Court orders
  - Common legal documents (bank/savings accounts, leases, mortgages, utility bills, etc.)
  - Social Security numbers of every family member covered.

If you are adding or deleting dependents, all required documents must be submitted to the HR Benefit Services Department\*\* on or before November 17, 2023.

### **Vision Plan**

This benefit provides employees and their eligible dependents with comprehensive vision coverage. In-network coverage includes a no cost annual eye exam, and eye glasses or contacts (up to \$300) every 24 months.

Additional coverage for designer frames, specialty lens packages and out-of-network services are available.

Enrollment is required.

### **Waive Coverage Provision**

You may choose not to enroll in the CTA health plans provided. You will not receive reimbursement for not participating in the coverage.

### **HEALTHCARE REFORM**

CTA's preventive care coverage complies with the Patient Protection and Affordable Care Act (PPACA). Services designated as preventive care include periodic well visits, routine immunizations and certain designated screenings for symptom-free or disease-free individuals. Preventive care services also generally include additional immunization and screening services for symptom-free or disease-free individuals at increased risk for a particular disease.

The CTA plan will cover preventive care services with no patient cost-sharing as long as the services are provided by a network provider otherwise the service is not covered. This includes the full cost of preventive care services, including copay and coinsurance. covered out-of-network subject to out-of-network deductible/co-insurance.

# **Covered preventive care services include but are not limited to the following:**

• Immunizations

Health CounselingAbdominal Aortic Aneurysm

screening (men)

- Pap Smears (women)
- Mamograms (women)

- General health screening tests
- Cancer Screening

More information on covered services can be found on www.healthcare.gov.

\*\*HR Benefit Services is not responsible for documentation submitted to other departments.

### **Your Prescription Benefit Program**

Following is a brief summary of your prescription benefits. On the next page you will find details about your prescription benefit plan, which offers two ways for you to save on your long-term medications. The Chicago Transit Authority is confident you will find value with your new prescription benefit program.

Retail Mail (90 day supply)			
<b>Generic Medications</b> Ask your doctor or other prescriber ifthere is a generic a vailable,as these generally cost less.	PPO A PPO B PPO 3 <b>\$10</b> for a generic prescription	PPO A PPO B PPO 3 <b>\$20</b> for a generic prescription	
Preferred Brand-Name Medications If a generic is not available or appropriate,ask your doctor or healthcare provider to prescribe from your plan's preferred drug list.	PPO A PPO B PPO 3 <b>\$20</b> for a preferred brand-name prescription	PPO A PPO B PPO 3 <b>\$40</b> for a preferred brand-name prescription	
Non-Preferred Brand-Name Medications You will pay the most for medications not on your plan's preferred drug list.	PPO A PPO B PPO 3 <b>\$40</b> for a non-preferred brand-name prescription	PPO A PPO B PPO 3 <b>\$80</b> for a non-preferred brand-name prescription	
Refill Limit	None	None	
Specialty Rx	Certain specialty drugs filled through the pharmacy are billed through its 3rd party vendor, Prudent Rx, which requires member registration but results in a <b>\$0</b> co-pay.		
Web Services	Register to access tools that can help you save money and manage your prescription benefit. To register, have your Prescription Information ready.		

Please Note: Your copayment goes towards your annual out-of-pocket maximum.

### Tips to help you save money on your prescriptions:

- Ask for generics first. Generic drugs can cost up to 80 percent less than brand name drugs.
- **Remember the preferred drug list.** If a generic drug isn't available, ask your doctor to prescribe a drug on your plan's preferred drug list, if appropriate. You will pay more for a brand name medication not on the preferred list.
- Order 90 day supplies of long-term medications to save money. You must receive your long-term prescriptions at a Mail Service Pharmacy.
- Fill short-term prescriptions at a network pharmacy. You will generally pay more for short-term (30 days or fewer) prescriptions that are filled outside the Retail Pharmacy Network.

# **Your Prescription Benefit Plan**

#### **Where To Fill Your Prescription**

Choosing where to fill your prescription depends on whether you are ordering a short-term or long-term medication:

**Short-term medications** are generally taken for a limited amount of time and have a limited amount of refills, such as an antibiotic. You can fill prescriptions for these medications at any pharmacy in the retail network.

- Choose from more than 67,000 network pharmacies nationwide, including independent pharmacies, chain pharmacies and 7,400 pharmacy locations.
- Find a participating pharmacy

**Tip:** To avoid filling out claims paperwork, bring your medical/pharmacy card with you when you pick up your prescription, and use a pharmacy in the retail network.

**Long-term medications** are taken regularly for chronic conditions, such as high blood pressure, asthma, diabetes or high cholesterol. Maintanence Choice is a pharmacy plan feature that save on 90-day long-term prescriptions (drugs you use continuously for an extended period). With Maintenance Choice, you can avoid paying more for your long-term prescriptions. You must have your 90-day supplies filled through mail service or at a Designated pharmacy. With Maintanence Choice, you receive up to a 90-day supply of your long-term medications at a lower cost than if you filled three 30-day prescriptions at a retail pharmacy.

The plan will allow you to fill a maximum of two 30-day fills of long-term medications outside of a Designated pharmacy. After that, you will be required to have 90-day supplies filled through mail service or at a Designated pharmacy. Acute medications (medical conditions that require a short duration of treatment) can still be filled at any network pharmacy. If you're impacted by this change, you'll get more information.

#### Mail Service Means One Less Thing for You to Do and Saves Money

Your prescription benefit offers you the convenient option to get 90-day\* supply of your long-term medications delivered to you by mail. When you use the Mail Service Pharmacy to fill your prescriptions, you'll enjoy the many benefits it provides:

- Added value 24/7 access to pharmacists, alert messages by e-mail, text or phone
- Cost savings one 90-day supply may cost less than three 30-day supply at a retail pharmacy
- Greater convenience at-home delivery at no extra cost, easy refills online or by phone
- Quality and safety dedicated pharmacists checking each and every order

\*Actual quantity may vary depending on your plan.

# **HEALTHCARE REFORM**

CTA's preventive care coverage complies with the Patient Protection and Affordable Care Act (PPACA). Services designated as preventive care include periodic well visits, routine immunizations and certain designated screenings for symptom-free or disease-free individuals. Preventive care services also generally include additional immunization and screening services for symptom-free or disease-free individuals at increased risk for a particular disease.

The CTA plan will cover preventive care services with no patient cost-sharing as long as the services are provided by a network provider. This includes the full cost of preventive care services, including copay and coinsurance. Covered out-of-network subject to out-of-network deductible/co-insurance.

### **Covered preventive care services include but are not limited to the following:**

- Immunizations
- General health screening tests
- Cancer Screening
- Health Counseling
- Abdominal Aortic Aneurysm screening (men)
- Pap Smears (women)
- Mamograms (women)

More information on covered services can be found on www.healthcare.gov.

## **KNOW YOUR NUMBERS**

The Affordable Care Act requires non-grandfathered health plans and policies to provide coverage for "preventive care services" without cost sharing (such as coinsurance, deductible or copayment), when using a network provider.

Services may include screenings, immunizations, and other types of care, as recommended by the federal government.

Many chronic diseases and conditions can be prevented and/or managed through early detection. Preventive screenings are an important way to track your health and avoid chronic conditions before they become more serious. When you use an in-network provider, the preventive screening services are not subject to your annual deductible or the usual office visit copayment. You can obtain these valuable services at no out-of-pocket cost to you. CTA encourages you to take full advantage of your preventive care benefits and other available wellness resources. After completing a health screening, take appropriate steps to improve your health. Talk with your physician about ways to improve your health. There is no better time than now to get started –

### What your numbers mean...

Knowing your numbers is important for preventing many serious health conditions. They indicate risk for developing heart disease, diabetes, stroke and some types of cancer. Prevent these conditions by keeping your numbers in the ideal range. Have regular screenings and follow your doctor's instructions for treatment.

### Cholesterol

High cholesterol numbers mean a high risk for developing heart disease. Total cholesterol should be <200. HDL (good) cholesterol should be >60 and LDL (bad) cholesterol should be <100. Triglycerides should be <150.

### **Blood Pressure**

Blood pressure tells us how hard the heart is working to push blood through our body. Often there is little to no sign that blood pressure is high. Make sure your number is <120/80. Talk with your doctor about ways to reduce this number.

### **Blood Glucose**

Blood glucose is the measure of sugar in the blood. Keeping this number <100 will help prevent the risk for developing diabetes and reduce its complications.

### Body Mass Index (BMI)

BMI is a measure of body fat based on height and weight. For the average person, a BMI over 25 indicates overweight. A BMI of 30 means obese. Being overweight or obese increases your risk for developing many diseases. The ideal range is 18.5-24.9.

## **KNOW YOUR NUMBERS**

Preventive screenings help you learn your numbers and address health concerns before they become more serious—or to prevent problems altogether.

When you visit your doctor for your health checkup, be prepared to talk about which preventive screenings you need:

Make an appointment with your doctor and ask about specific screenings based on age, gender or family history. Use this chart during your appointment to collect your numbers and track your progress. Annual preventive care visits – (wellness visits) are covered without coinsurance or deductible when using an in-network provider.

Date	Example: 1/1/17	/ /	/ /	/ /
	Ideal	My Numbers	My Numbers	My Numbers
Total Cholesterol	<200			
LDL (Bad Cholesterol)	<100			
(Low-Density Lipoprotein)				
UDL (Cood Chalasteral)	<u></u>			
HDL (Good Cholesterol)	>60			
(High-Density Lipoprotein)				
Triglycerides	<150			
Blood Pressure	<(120/80)			
Blood Glucose	<100			
BMI - Body Mass Index	18.5-25			
Weight (lb) / [height (in)] 2 x 703				
Weight				

### **Improve your numbers**

Many lifestyle changes will help put your numbers in the ideal range. Improve your numbers by...

- Increasing activity to 30 minutes a day. Break the time up into 10 minute increments.
- Eating food with fiber, such as fruits and vegetables. Choose whole grains over white grains.
- Eating less saturated fat found in red meats, butter, baked goods, and cheese. Eating more heart healthy fats found in avocados, nuts, fish, olive oil, and peanut butter.
- Quit smoking. Smoking can increase the build-up of plaque in the arteries and increases risk for heart disease.

# **Important Reminder**

Open enrollment is the only time of the year an employee can do the following, unless there is an eligible change in family status:

- make changes to medical plans
- waive medical coverage
- enroll eligible dependents.

**Please note:** If you are adding or deleting dependents, all required documents must be submitted to the HR Benefit Services Department **on or before November 17, 2023.** 

#### Outside of open enrollment, you have 31 days from an eligible change in family status (new marriage, new civil union, new birth, adoption, divorce or involuntary loss of alternate coverage) to enroll eligible dependents on your CTA medical plan.

In order to receive coverage for an eligible dependent, you must submit a certified birth certificate that lists you or your current spouse as a natural parent for that dependent, **by 4:30 p.m., November 17, 2023**. This requirement applies if the dependent is not currently enrolled under your health plan through CTA in the past.

For detailed dependent eligibility requirements, log on to www.transitchicago.com/hrbenefits.
