CTA Deposit Requirements

All Contractors performing work on or near the Chicago Transit Authority’s (CTA) property will be required to provide a deposit in advance equal to CTA’s estimate. No contractor will be permitted to work prior to submission of the deposit. The estimated amount includes, but is not limited to the following CTA services: Flagging Charges, Slow Zone Charges (signage and initial supplies), Inspector Charges, and other services as required (i.e. electricians, signal maintainers, switch persons, etc.)

Flagging Charges
The Contractor must provide CTA with a minimum of seventy-two (72) week day hours to schedule flagmen for a project. Flagmen are scheduled for a minimum of eight (8) hours. Cancellations of flagmen orders require a twenty-four (24) hour advance notice, otherwise, the Contractor will be charged for the scheduled workers.

Slow Zones and Supplies
If a project requires the use of slow zones, CTA will supply the signage for a fee. The contractor will be charged a fee of $1,600.00 for each set of slow zone signage and associated equipment issued. The initial set of batteries for the lighting supplies will be provided by the CTA; however the contractor needed will supply any subsequent batteries. Additionally, the contractor will be responsible for setting up, maintaining, removing, and securing the slow zones. The contractor will be refunded the balance remaining from the slow zone charge, less $200.00 per ninety (90) days of usage and the cost of unreturned equipment.

Inspector Charges
Projects scheduled during weekend hours count as overtime for CTA inspectors. Weekend hours begin Saturday at 5:00 AM and end Monday at 5:00 AM. CTA requires a five (5) day advance notice from Contractors to schedule inspectors for weekend projects. If the Contractor’s initial deposit amount is expended prior to the completion of the project, CTA will require an additional deposit to cover the remaining work for the project. CTA will not provide services if additional funds are not provided. After official project completion, all unused funds will be returned to the contractor.

All checks must be payable to the:
