

'L' System Slow Zone Map

March 25, 2015

Notes

Slow zones in March 2015 had a net decline of more than 6,600 feet compared with February 2015. As a percentage of the entire L system, slow zones were 7.8% for the month, down from 8.4% in February.

We removed slow zones from the Red, Brown, Purple and Orange lines, completing track renewal and repair work. Some slow zones were added to the Red, Blue and Purple related to track improvement projects or as a precaution due to track conditions.
