

'L' System Slow Zone Map

April 30, 2016

Notes

Overall system slow zones in April 2016 were 5.5% for the month, unchanged from the previous month. The CTA removed slow zones from the Red Line as a result of progress being made on the Wilson Station Reconstruction project. Slow zones were added between the Central and Oak Park Green Line stations as crews continue work associated with a \$27 million track renewal project that will provide smoother and more reliable service along the Lake Street branch.
