

# 'L' System Slow Zone Map

May 31, 2016

## Notes

Overall system slow zones in May 2016 were 5.5% for the month, unchanged from the previous month. As a result of progress being made on the *Your New Blue* project, slow zones were removed from northbound- and southbound tracks at the Addison Blue Line station, but new ones added near the Montrose station in preparation of platform repair work to begin. Slow zones were also added along portions of the Green and Purple Express lines as crews continue track renewal work.
