

DON'T BE A VICTIM OF PICK POCKETING.

Here are a few simple precautions to prevent loss of personal belongings:

- Keep wallets and valuables in zippered or front pockets
- Never pat your pockets to see if your wallet is there; this lets a criminal know the exact location of your valuables
- Conceal your wallet in a buttoned or zippered pocket where it doesn't show
- If you are carrying a shoulder bag, place shoulder strap(s) diagonally across your body

CALL 911 and inform the nearest CTA employee if you witness or are a victim of pick pocketing.
