How to read this report

This report shows many customers use the CTA rail system. The report has two sections: Ridership by Branch, and Ridership by Entrance.

How are customers counted?

A customer is counted each time he or she passes through a turnstile to enter a station. Customers are not counted when they make a free transfer from one rail line to another, since they don't pass through a turnstile. Nor are customers counted when they leave a station, even if they leave through a turnstile.

Some CTA stations serve more than one line. The report does not show the number of customers boarding each line at such stations, simply the total number of customers who entered the station. For example, even though Howard station is reported as part of the Red Line, customers also enter at Howard to ride the Purple and Yellow Lines. The report shows the number of customers who entered at Howard but does not distinguish which lines they boarded.

Ridership by Branch

The CTA system consists of several branches. Ridership on each branch is reported in this section. Some branches, such as the Congress Branch, are part of a particular line (Blue Line, in this case). Other branches, such as the Loop, are part of multiple lines.

Ridership by Entrance

Ridership at each station is shown in this section. For stations with more than one entrance, the entrances are reported individually along with the station total.

How do I compare this year to last year?

When comparing one year to another, it is best to use the weekday, Saturday, and Sunday averages rather than the monthly totals. The monthly totals are affected by the number of weekdays, Saturdays, and Sundays in the month, which can vary from year to year. For example, September 2000 and 1999 had the following breakdown of days:

	1999	2000
Weekdays	21	20
Saturdays	4	5
Sundays	5	5

Note that September of 1999 had one more weekday than September 2000 and one fewer Saturday. Since weekdays typically have much higher ridership than Saturdays, September 1999 would have a higher monthly ridership than September 2000, all other things being equal. Averaging corrects for this problem.

What if I want to compare past years?

The CTA produces two reports with historic rail ridership:

Weekday Traffic Trends shows average weekday ridership for each station for each year going back to 1976.

Annual Rail Traffic shows total annual ridership for each station for each year going back to 1979. (The years 1979-1998 are in report PSP-x99026. 1986-1999 are in report PSP-x00031.)

To obtain copies of these reports please contact Data Services and Development.

Holidays

The following holidays are reported as Sundays:

- New Year's Day
- Memorial Day
- Independence Day
- Labor Day
- Thanksgiving Day
- Christmas Day

All other holidays are reported as the type of day they fall on.

Why does it appear that there is ridership on the Douglas Branch on Saturday? Isn't it closed?

Although the Douglas Branch is closed on weekends, the Friday service extends past midnight. Those customers who enter a station after midnight on Friday (that is, on Saturday) are reported as Saturday entries.

September 2003 Notes

The following factors influenced September 2003 rail ridership.

54th/Cermak ☺ – Blue Line

Opened August 18th, 2003, after 18 months of reconstruction. The station has 3 entrances: one main entrance called 54th/Cermak ☺ and two auxiliary entrances, 54th Ave. and Laramie.

Sox/35th ☺ Construction

Effective October 25, 2002, the 35th Street entrance at the Sox/35th ☺ Red Line station was closed for construction. The 35th Street entrance reopened on April 4, 2003. During that period, only the 33rd Street entrance was open for passenger traffic.

Near South Transfer Tunnel at State/Roosevelt ☺

Construction of the Near South Transfer Tunnel at State/Roosevelt ☺, which connects the Red Line subway with the Orange and Green elevated lines, was completed in December 2002. Though transfers between stations are not included in this report, it may be assumed that transfers have affected station entrance totals.

Kostner Station ☺ (54th/Cermak – Blue Line) Opens

Opened July 17, 2003 (formerly known as Kildare). The station's main entrance is located on Kostner between Cullerton and 21st Streets, with an auxiliary farecard/Chicago Card entrance located on Kildare.

Weather Information Added

As of April 2003, average temperatures by day type will be included in the report. The information can be found on page 4.
