Construction Activity Notice

We are performing work in preparation for extending the Red Line by 5.5 miles from the 95th Street Terminal to 130th Street. The Red Line Extension also includes building four new Red Line stations at 103rd, 111th, Michigan (near 116th) and 130th streets. To build the project, work will be performed that may affect your community. While progress sometimes comes with inconveniences, we will do our best to keep them to a minimum.
