RED AHEAD

rpm Modernization

Construction Activity Notice

We are continuing construction on the Red and Purple Modernization (RPM) Phase One project to rebuild 100 year old rail infrastructure and improve transit service. Work will be performed that will affect your community and create inconveniences. We are committed to doing our best to minimize the impact of our work and will continue to keep you updated throughout the project.

EXTENDED PARTIAL-ALLEY CLOSURE

Dates: **Weekend/Weekdays & Overnight**
Friday, February 7 to Monday, March 24, 2025

Location: The area under the CTA Brown Line Steel Structure behind:
- 1014 – 1038 W. Roscoe Street

Work Hours: **- 9pm-Friday, Feb. 7 to 7pm-Monday, March 10 (continuous 24/7 alley closure & around the clock work)**
- 7am-7pm; Tuesday, March 11 to Monday, March 24 (continuous 24/7 alley closure)

Work Activity: Brown Line Track Demolition, Track Structure Rehabilitation, Brown Line Trackwork,

Local Impact:

- Vehicles will be unable to enter/exit the alley and garages/parking spaces behind 1014 – 1038 W. Roscoe Street Avenue until the work activity is complete.
- The contractor will provide alternative parking for residents with dedicated parking accessed via the alleyway. If you need further information about alternative parking, please contact the contractor, Walsh-Fluor, at cpoole@walshgroup.com.
- Access to garages/parking spaces to 1015 – 1043 W. Newport Avenue & 1040 – 1042 W. Roscoe Street will be maintained at all times.
- Through traffic will be restricted in the north/south alley just west of N. Sheffield Avenue from 7am to 7pm only (the contractor will require 2 instances keeping the restriction in place overnight for approximately 3 nights).
- The north/south alley just east of N. Seminary Avenue will not be impacted.
- The contractor will coordinate continue garbage and recycling pickup.
- There will be light in the work area during overnight work.
- There will be noise while work is being performed, **including overnight noise.** Noise will include:
  - General construction noise
  - Use of loud pneumatic and gas/impact tools
  - Beeping from backup alarms on construction equipment and vehicles
  - Flagging horns
