Like to Bike?
To make cycling even more convenient, the Chicago Transit Authority (CTA) welcomes bicycles on trains and buses throughout the year. Getting around is easy! Simply follow the steps in this brochure and you'll be on your way to cycling fun and great exercise while helping the environment.

Boarding Trains
Bicycles are permitted on trains every weekday except from 7am to 9am and 4pm to 6pm. If you board the train with your bicycle prior to these periods and your trip extends into these hours, CTA allows you to finish your trip on Saturdays, Sundays and holidays (excluding July 4), bicycles are allowed on trains all day.

1. When entering a rail station, notify the Customer Assistant or security guard that you are there with your bicycle. When available, use the accessible turnstile with the swing gate to pay your fare and enter with your bicycle. If a swing gate is not available, CTA staff will open an access gate to allow you to enter.
2. Do not attempt to carry your bicycle through the tall steel barrier gates. It will get caught!
3. To reach the platform level, use elevators whenever they are available. Otherwise, carry your bicycle on ramps and stairways, allowing other customers to clear before you go up or down the stairs. Bicycles are not permitted on escalators.
4. When a train is approaching or leaving, stand clear of the platform edge. If the train is too crowded, please wait for the next one.
5. Before boarding, check to see if other cyclists are present on the rail car. Only two (2) bicycles are allowed per car.
6. Once on board, stand near either end of the rail car. Stand by your bicycle and hold on to it at all times. Never block the aisle or doors. Do not use your bicycle kickstand inside stations or rail cars.

Boarding Buses
1. Remove large baggage, such as panniers, from your bicycle before loading your bicycle on the rack. All baggage must accompany you on the bus.
2. Alert the bus operator that you will be loading your bicycle. Lower the rack by squeezing the center handle (see photo A). If another bicycle is in position, the rack will already be lowered. If the bicycle rack is full, please wait for the next bus.
3. Lift your bicycle so it sits in the empty wheel well. If yours is the first to be loaded, load it in the position nearest the bus, with the front wheel facing the curb. If yours is the second to be loaded, load with the rear wheel facing the curb in the front position.
   • Pull the spring-loaded support arm out and upwards (see photo B). Fasten it over the front tire at the highest point of the wheel to hold the bicycle in place (see photo C). Locks may not be used to secure bicycles to racks.
4. Board the bus. Pay your fare. It is recommended that you sit or stand near the front of the bus and watch your bicycle while you ride the bus.
5. When you come to your stop, exit the bus at the front. Tell the operator that you will be removing your bicycle. Unload your bicycle.
6. If no other bicycles remain, stow the rack against the bus in the upright position (see Photo D).

Things You Should Know
• Anyone 14 years or older may bring a bicycle on a train or rack-equipped bus. Customers 12 and 13 years old must be accompanied by an adult. Children under 12 are not permitted to bring bicycles on CTA trains or buses.
• Look for the green decal (seen at right) next to one of the sets of doors on each car – at that end of the car, there is more open space where it may be more convenient to stand with your bike.
• Let other customers board the train first. This reduces the chance of someone tripping over your bicycle. Priority seating is intended for seniors and customers with disabilities.
• If a train is crowded or you do not want to bring your bicycle on the system, utilize the approved parking area and ride the train.
• Cyclists assume all responsibility for any damage and/or injury that occurs as a result of their bicycle being on CTA property. This includes injury to the cyclist or other customers. A sudden stop by the transit vehicle does not remove responsibility from the bicycle owner for damages or injuries to other customers or themselves.
• Folding bicycles are allowed on CTA vehicles at all times.
• Motor-powered bicycles of any kind are not permitted on the CTA.
