Rail Ridership by Entrance	
Average Weekday Cross-Platform Transfers	

How to read this report

Introduction

This report shows how many customers used the combined CTA bus and rail systems for the year. Ridership statistics are given on a system-wide and route/station-level basis.

Ridership is primarily counted as *boardings*, that is, customers boarding a transit vehicle (bus or rail). On the rail system, there is a distinction between station *entries* and total rides, or *boardings*. The official totals on the Monthly Summary report show the total number of *boardings* made to CTA vehicles.

How are customers counted?

Rail

On the rail system, a customer is counted as an *entry* each time he or she passes through a turnstile to enter a station. In the "Rail Entries" section of the report, customers are not counted when they make a free "cross-platform" transfer from one rail line to another, since they don't pass through a turnstile.

Some CTA stations serve more than one line. The "Rail Entries" report does not show the number of customers boarding each line at such stations, simply the total number of customers who entered the station. For example, even though Howard station is reported as part of the Red Line, customers also enter at Howard to ride the Purple and Yellow Lines. The "Rail Boardings by Line" section shows a statistically valid estimate of the actual number of boardings onto each line.

Bus

Boardings are recorded using the bus farebox and farecard reader. In the uncommon situation when there is an operating error with the farebox and Planning Analytics cannot determine on which route a given trip's boardings should be allocated, these boardings are tallied as Route 0. These are not included in the Ridership by Route section of the report, however they are included in the monthly bus system totals.

How do I compare this year to last year? What is a "Calendar Adjustment"?

When comparing one year to another, it is best to use the weekday, Saturday, and Sunday averages rather than the monthly totals. The monthly totals are affected by the number of weekdays. Saturdays, and Sundays in the month, which can vary from year to year. For example, May 2005 and 2006 had the following breakdown of days:

	2005	2006
Weekdays	21	22
Saturdays	4	4
Sundays/Holidays	6	5

As weekdays typically have much higher ridership than Sundays, May 2006 would report higher monthly ridership than May 2005, all else equal. Averaging circumvents this problem.

However, for the purposes of month-to-month and year-over-year comparisons, the report also includes a "Calendar Adjusted" monthly total of bus, rail, and system ridership. This is calculated by applying a normalization factor to a given month's total ridership figures to correct any discrepancies in the number of weekdays, Saturdays, and Sundays, thereby making one month of data comparable to another.

Note that New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas Day are considered as "Sundays" for the purposes of ridership reporting. All other holidays are reported as the type of day they fall on.

Executive Summary – January 2016

System Overview

Total bus and rail system ridership grew 1.2% in January this year compared to last year. Rail ridership climbed 3.4% in January and the bus system declined by 0.7%. Weekday ridership grew by 1.9% and outperformed weekend ridership, which saw Saturdays lose 0.9% and Sundays lose 3.3%. Weekdays outperformed the weekends throughout 2015 as well.

Bus

Bus ridership decreased by 0.7% this month compared with January 2015. Weekdays increased 0.3% while weekends decreased by 4.9%. Gas Prices were down \$0.38 versus December and were down \$0.51 compared to last January.

Rail

Rail ridership increased 3.4% in January compared with a year ago. Weekday rail ridership increased 3.8% and weekend ridership was up 1.9%. The Blue Line's O'Hare branch grew by 4.8% and Red Line North grew by 3.6%. The Brown Line also increased by 3.4% and continues to perform well following a down year in 2015 which was due to weekend construction projects.

Monthly Notes – January 2016

The following changes in CTA service over the past year have a potential impact on this month's ridership figures.

Systemwide Service Impacts

Station Closures

Rail stations can be closed occasionally for construction. The closures can result in what appears to be very dramatic increases or decreases (e.g. > 20%) in average daily rail ridership on a year-over-year basis both for the station being closed and potentially for nearby stations as well. When service is suspended or rerouted on the rail system, service is maintained by a bus shuttle connecting the closed or bypassed rail stations. Riders on this shuttle are tallied in the "Bus Ridership by Route" section as Route#1001 Shuttle/Special Event Route.

Bus Service Impacts

Discontinued Services

The weekend service that was added to the #39 route was part of an 180-day experiment (Feb 7, 2015 – Sept 6, 2015). Due to low ridership, the experimental Sunday service is being discontinued

Bus Service Reroutes

#7 Harrison & #60 Blue Island/26th (Jan 4 until further notice), #1 Bronzeville/Union Station, #28 Stony Island, #121 Union/Wacker Express, #126 Jackson, #151 Sheridan, #156 LaSalle, & 7 Harrison (Jan 25-Jan 2017 or completion), #78 Montrose (Oct 26-May 5, 2016), #36 Broadway (Jan 25-Mar 25 or completion), #78 Montrose & #91 Austin (Jan 4-Mar 7 or completion), #73 Armitage (Jan 22-Feb 29 or completion), #51 51st & #94 South California (Dec 29-Jan 29), #151 Sheridan (Dec 8-Jan 8 or completion),

New Bus Routes and Routings

The following routes began operating December 21st on the new Loop Link Bus Rapid Transit corridor in Chicago's central business district: #J14 Jeffery Jump, #20 Madison, #56 Milwaukee, #60 Blue Island/26th, #124 Navy Pier, & #157 Streeterville/Taylor. New Express Routes began operating December 21st include the #X49 Western Express, & X9 Ashland Express.

Rail Service Impacts

Temporary Service Suspensions and Reroutes

Due to ongoing construction activity to maintain and modernize the CTA rail system, some lines experience periodic day, night, & weekend closures or reroutes.

Line/Location	Dates Affected	Detail
Brown Line/Diversey	Jan 9, 16, 23-24	North bound bypass Diversey for track maintenance to ensure safety.

New Entrance Opened at Clark/Division Station

On June 30, 2014, the new entrance to Clark/Division Red Line Subway Station from LaSalle Blvd opened to the public. The new 8000-foot mezzanine entrance is equipped two elevators—one between the entrance and the mezzanine and another connecting the mezzanine to the platform. Clark St entrance closed temporarily on June 30th for reconstruction.

New Cermak-McCormick Place Station opens on the Green Line

On February 9th, 2015, the new Cermak-McCormick Station opened to the public on the Green Line. The station is located between Cermak and 23rd St on Wabash and it will serve the growing area near historic Motor Row and McCormick Place.

Closure of Madison/Wabash Station

The Madison/Wabash station in the Loop closed on March 16th for the construction of the new, modern Washington/Wabash station, located between Madison and Washington streets. Adjacent Randolph/Wabash and Adams/Wabash serve as alternatives to the closed station.

Monthly Summary

Calendar Operating Days

Day Type	Last Year	This Year
Weekdays	21	20
Saturdays	5	5
Sundays	5	6

When analyzing monthly ridership trends, it is important to account for the possibility that the same month may have a different number of weekdays, Saturdays, and Sundays each year. Monthly ridership statistics are provided below as both 'actual total' and 'calendar adjusted total', the latter being a normalized figure that facilitates year-to-year and month-to-month comparisons.
