Applications will open 1/21/2020
<http://www.plumberslu130ua.org>

For interested candidates,
please contact the unions
directly.

WHAT'S DECKING OUR HALLS?

Hello All,

As another year draws near, we would like to thank you all for supporting our workforce efforts. We have so many accomplishments to celebrate this year and it all would not have been possible without you. We officially broke ground on Phase One of the Red and Purple Modernization (RPM) Project on one of the largest reconstruction projects in CTA's history. The project will be an economic engine for development for neighborhoods in the project corridor and throughout the City of Chicago.

For the first time, Chicago Transit Authority and Walsh -Fluor hosted its very first Construction Careers Networking Fair. This fair provided job candidates with an opportunity to gain a clear understanding of the paths to take to begin work in the trades and make meaningful connects to establish a career. We had a turnout of 175 attendees eager to learn more about the project.

We are very much looking forward to creating more memories and job opportunities for this project in 2020. Our goal is to provide information about ways to come on board and equip you with the necessary tools to be successful. Again thank you for your support

Warm Regards,

CTA Workforce Initiatives Team
