How to Read This Report

Introduction

This report shows how many customers used the CTA bus and rail systems for the year. Ridership statistics are given on a system-wide and route/station-level basis.

Ridership is primarily counted as *boardings*, that is, customers boarding a transit vehicle (bus or rail). On the rail system, there is a distinction between station *entries* and total rides, or *boardings*. The official totals on the Annual Summary report show the total number of *boardings* made to CTA vehicles.

How are customers counted?

Rail

On the rail system, a customer is counted as an *entry* each time he or she passes through a turnstile to enter a station. In the "Rail Entries" section of the report, customers are not counted when they make a free "cross-platform" transfer from one rail line to another, since they don't pass through a turnstile to do so.

Some CTA stations serve more than one line. The "Rail Entries" report does not show the number of customers boarding each line at such stations, simply the total number of customers who entered the station. For example, even though Howard station is reported as part of the Red Line, customers also enter at Howard to ride the Purple and Yellow Lines.

Bus

Boardings are recorded using the bus farebox and farecard reader. In the uncommon situation when there is an operating error with the farebox and it cannot be determined on which route a given trip's boardings should be allocated, these boardings are tallied as Route 0. These are not included in the Ridership by Route section of the report, however they are included in the monthly bus system totals.

How do I compare this year to last year? What is a "Calendar Adjustment"?

When comparing one year to another, it is often best to use the weekday, Saturday, and Sunday averages rather than totals. A monthly or annual total is affected by not only the number of weekdays, Saturdays, and Sundays, which can vary somewhat from year to year, but also based on what days of the week certain holidays fall on. For example, April 2016 and 2017 had the following breakdown of days:

| | 2016 | 2017 |
|-----------------|------|------|
| Weekdays | 21 | 20 |
| Saturdays | 5 | 5 |
| Sunday/Holidays | 4 | 5 |

As weekdays typically have much higher ridership than Saturdays, April 2016 would report higher total monthly ridership than April 2017, all else equal. Using averages by day type circumvents this problem.

For the purposes of month-to-month and year-over-year comparisons, the report also includes a "Calendar Adjusted" annual total of bus, rail, and system ridership. This is calculated by applying a normalization factor to a given month's total ridership figures to correct any discrepancies in the number of weekdays, Saturdays, and Sundays, thereby making the data comparable.

Note that New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas Day are considered as "Sundays" for the purposes of ridership reporting, as CTA operates a Sunday schedule on these holidays. All other holidays are reported as the type of day they fall on.

Executive Summary – September 2018

System Overview

Total bus and rail system ridership decreased 1.6% in September 2018 compared to prior year. Bus ridership declined by 3.4% and rail ridership grew 0.3%. Total weekday ridership fell by 0.7% this month with Saturday ridership declining by 4.5% and Sundays decreasing by 6.2%.

Year-to-date, total bus and rail system ridership is down 2.8% compared with the same period a year ago, with bus ridership declining 3.2% and rail ridership decreasing by 2.3%. Ridership continues to be affected by relatively low gas prices and competition from ride-hailing companies.

Bus

September bus ridership declined 3.4% compared with a year ago. Routes using North Lake Shore Drive were down a combined 13.6% related to the re-surfacing project. Year-to-date, bus ridership has decreased 3.2% from a year ago.

Rail

Rail ridership grew 0.3% in September 2018 compared with September 2017. Weekday ridership on the North Main Line was up 3.5% in September, and was up 1.0% overall. This was some 4.5% better than its year-to-date performance of -3.5%. The North Main Line an attractive alternative to slow auto traffic resulting from the North Lake Shore Drive resurfacing project. Year-to-date, total rail ridership is down 2.3%.

Monthly Notes – September 2018

The following changes in CTA service over the past year have a potential impact on this month's ridership figures.

Systemwide Service Impacts

Station Closures

Rail stations can be closed occasionally for construction. The closures can result in what appears to be very dramatic increases or decreases (e.g. > 20%) in average daily rail ridership on a year-over-year basis both for the station being closed and potentially for nearby stations as well. When service is suspended or rerouted on the rail system, service is maintained by a bus shuttle connecting the closed or bypassed rail stations. Riders on this shuttle are tallied in the "Bus Ridership by Route" section as Route #1001 Shuttle/Special Event Route.

Bus Service Impacts

Bus Service Reroutes

#6 Jackson Park Exp (Oct 24 2016 until further notice), #52 Kedzie/California (Jul 19 2018 until further notice), #9 Ashland & #X9 Ashland Exp (Aug 8-Dec 31 or completion), #82 Kinball/Homan (Sep 4-Dec 28 or completion), #90 Harlem (Sep 17-Nov 22 or completion), #74 Fullerton (Sep 17-Nov 9 or completion), #71 71st/South Shore (Aug 30-Oct 1 or completion), #77 Belmont (Jul 30-Sep 21 or completion), #66 Chicago, #67 67th/69th/71st, & #94 South California (Aug 13-Sep 1 completion), #157 Streeterville/Taylor (Nov 1, 2016-Sep 1, 2018).

Reroutes on certain routes near events during the Lollapalooza Event in Grant Park, the Bud Billiken Parade, Chicago Half Marathon & 5K event & the 2018 Transamerica Chicago Triathlon.

Rail Service Impacts

Temporary Service Suspensions and Reroutes

Due to ongoing construction activity to maintain and modernize the CTA rail system, some lines experience periodic day, night, & weekend closures or reroutes. All Red Line service returned to normal on 11/22/18. Some Red Line trains were operating between Howard and Ashland/63rd due to construction related to the 95th Street Terminal Improvement Project.

| Line/Location | Dates Affected | Detail |
|-------------------------------|-----------------|---|
| Green Line South bound/bypass | Sep 10-Oct 11 | South bound bypass Halsted for station construction to improve the Halsted station. |
| Green Line bypass | Sep 15-17 22-24 | Bus substitution between 51 st & 63 rd /Ashland/Cottage Grove for the Garfield Gateway Project. |
| Pink Line Eastbound/Reroute | Sep 22-23 29-30 | Pink Line rerouted to Racine Blue Line while performing track maintenance to ensure continued safety on Pink & Green. |
| Red Line South bound/ bypass | Sep 22-23 | South bound Subway trains rerouted to Elevated Tracks for maintenance of State Street Subway. |
| Blue Line South bound/bypass | Sep 4-25 | South bound bypass Belmont for station construction as part of the Blue modernization program. |
| Red Brown & Purple | Sep 7-10 14-17 | Belmont Station Temporary Closure for station construction as part of the Blue modernization program. |
| Brown Line Rerouted Downtown | Sep 9 | Brown line trains will operate clockwise on the inner loop while performing track maintenance to ensure safety. |

Monthly Summary

Calendar Operating Days

| Day Туре | Last Year | This Year |
|-----------|-----------|-----------|
| Weekdays | 20 | 19 |
| Saturdays | 5 | 5 |
| Sundays | 5 | 6 |

When analyzing monthly ridership trends, it is important to account for the possibility that the same month may have a different number of weekdays, Saturdays, and Sundays each year. Monthly ridership statistics are provided below as both 'actual total' and 'calendar adjusted total', the latter being a normalized figure that facilitates year-to-year and month-to-month comparisons.

| Monthly | Monthly To | otal (actual) | Monthly | Total (Cal. | Adj.) | Year-to-date | Total (actual |) Year-to-da | Year-to-date Total (Cal. Adj.) | | | |

Average Weekday Cross-Platform Transfers

This table shows the estimated number of unpaid / non-farecard transfers made between lines throughout the rail system on an average weekday.

| Location | Transfers | % of total |
|-------------------------|-----------|------------|
| Belmont/Fullerton | 39,282 | 27.9% |
| Clark/Lake | 28,963 | 20.6% |
| Jackson (Red/Blue) | 25,013 | 17.8% |
| Roosevelt | 17,123 | 12.2% |
| Howard | 14,877 | 10.6% |
| Loop (not Clark/Lake) | 11,845 | 8.4% |
| West Side (Green/Pink) | 3,585 | 2.5% |
| Garfield-South Elevated | 40 | 0.0% |
| System Total | 140,728 | |
