

Chicago Transit Authority

Lawrence to Bryn Mawr Modernization (LBMM) Under-L Activation:

Programming Update and Next Steps

May 22-23, 2024

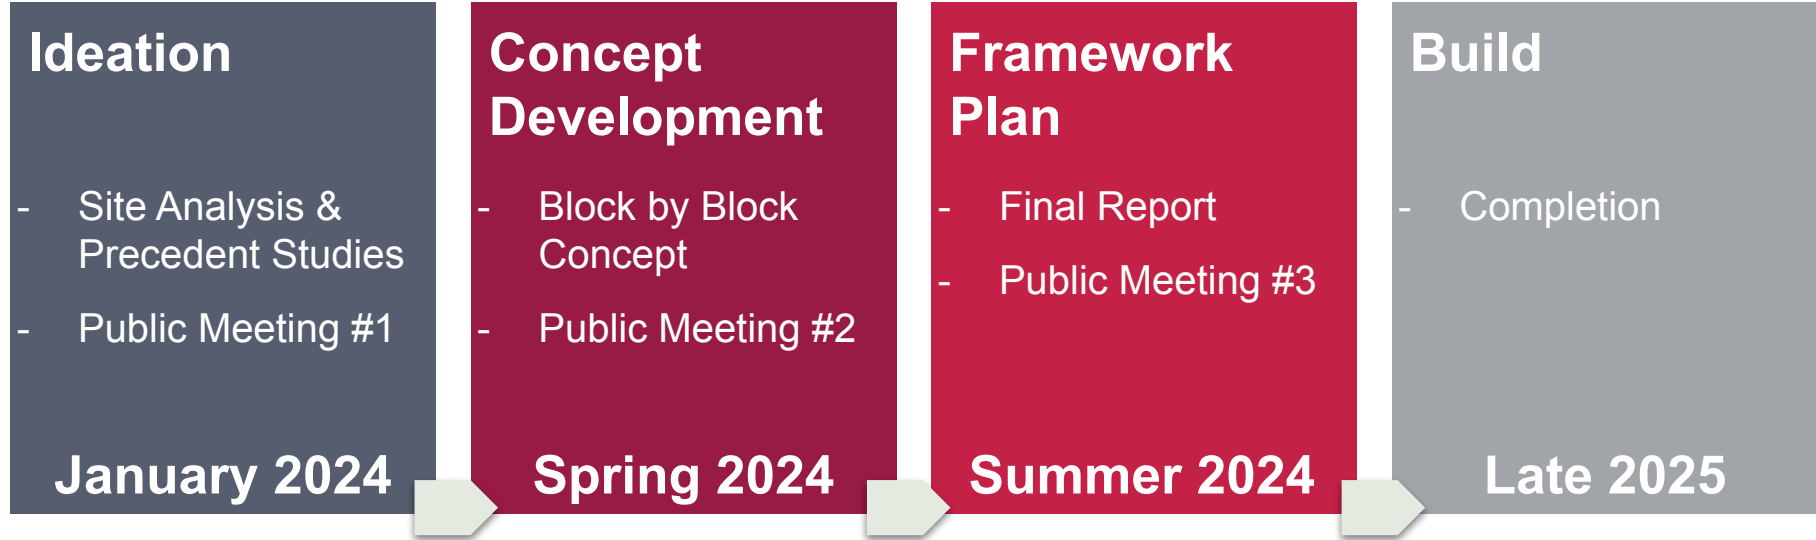

Under-L Activation Goals: Summary

- Take advantage of a rare and historic opportunity to create a vision for more than one mile of new, open space under the CTA tracks between Lawrence and Ardmore avenues
- Continue our truly interactive process: What you tell us you want to see block by block informs the concept and design planning
- Create a blueprint that illustrates the block-by-block vision and framework that will benefit the community while protecting CTA track infrastructure

Schedule

We are here!

What are you most interested in seeing?

St. Ita's

Truman College

Feedback Summary - Most Common Themes

Most Common

1. Against Parking

2. Safety Concerns

3. Desire for Vendor / Market

4. Desire for Green Space

5. Desire for Continuous path

Influence of site constraints and project goals

Ensure CTA equipment access is maintained

Influenced fencing locations and heights

No attachments to the elevated track

Restricted overhead treatments

Protect underground stormwater and utility systems

Influenced Location of programs

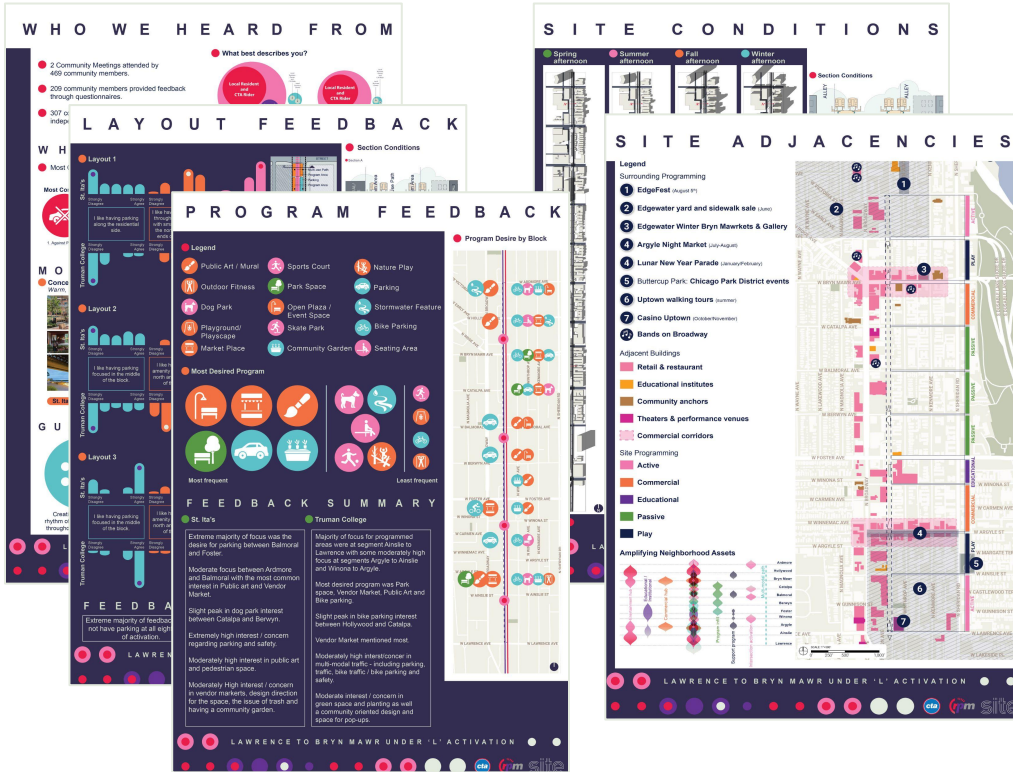

Limited sunlight

Restricted community gardens and green space

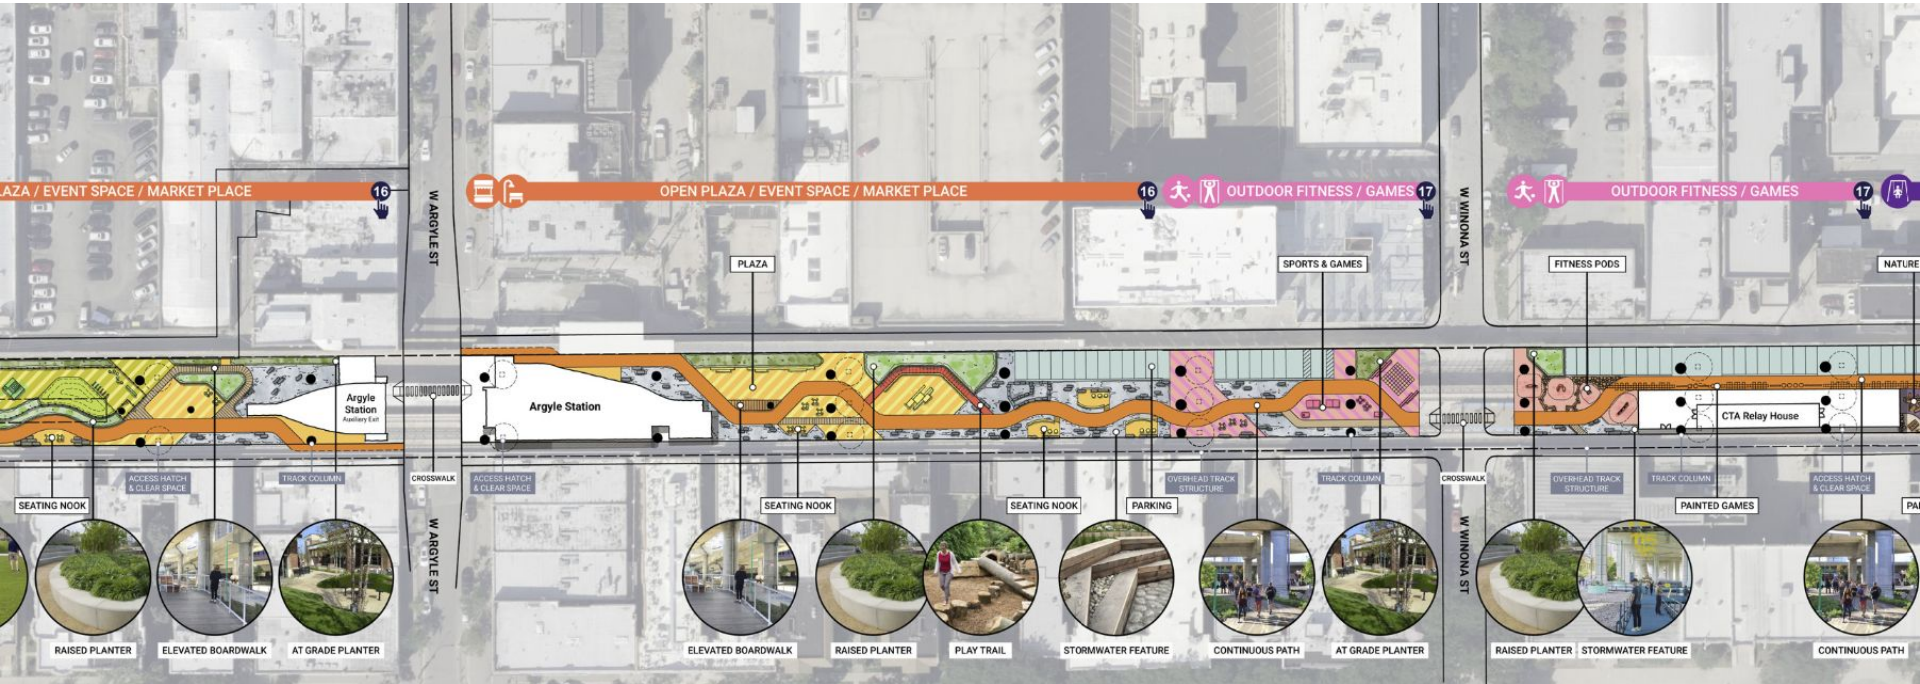

Goals and Purpose for Today

Review the feedback results, site analysis, concept plans and capture your additional feedback

Feedback Activity: 10 block plan review

Next Steps

- We'll incorporate the feedback we receive from you today into final design
- We'll host a final set of public meetings in late summer to share final concepts & rollout plan, including design and construction.
