Not to Scale

Parcels and buildings that may be displaced are shown to illustrate magnitude of impacts and possible locations. Due to the margin for error inherent in predicting displacements based on conceptual engineering, the actual displacements may vary from what is shown. Some of the properties shown may not ultimately need to be acquired. Land only property impacts are shown on the portion of the lot required, however, this is subject to further confirmation based on project definition and discussions. Property acquisitions will be confirmed as project engineering progresses.
