

'L' System Slow Zone Map

December 22, 2014

Notes

Slow zones in December 2014 had a net decline of more than 8,000 feet. Slow zones in December as a percentage of the total slow zones on the entire L system were 8.8% for the month, down from 9.5% in November. The CTA removed slow zones from the Blue, Red and Green Lines as it completed track improvement work and added slow zones in the Red Line subway for rail repairs.
